Re: \$1,700,000 Harford County, Maryland Industrial
Development Revenue Bond (Inland Terminals,
Incorporated Project)

Dear Sirs:

Inland Oil and Chemical Corporation, a Maryland corporation ("Inland Oil") requested in a letter addressed to Harford County, Maryland, dated July 22, 1976, that Harford County, Maryland (the "County") participate in the financing of the acquisition of an Industrial Building to be located in Harford County, State of Maryland (the "Industrial Building"), by issuing and selling its industrial development revenue bond in a principal amount not to exceed \$1,700,000, pursuant to Sections 266A-266-I, inclusive, Article 41, Annotated Code of Maryland (1971 Rep. Vol., 1976 Cum. Supp., as amended) (the "Act"), such letter constituting a "letter of intent" as contemplated by Section 266B(d) of the Act (the "Letter of Intent"). Pursuant to County Council Resolution No. 34-76 adopted on August 17, 1976, by the County Council of Harford County, Maryland, the County indicated its intent to participate in the financing of the acquisition of the Industrial Building pursuant to the terms of the Letter of Intent and authorized the County Executive and the President of the County Council to accept the Letter of Intent. In the Letter of Intent, Inland Oil proposed that the County would loan the proceeds of the Bond directly to Inland Oil pursuant to a Loan Agreement (defined therein) so that the Company could pay the costs of acquiring the Industrial Building.

By a letter dated December 10, 1976 to the County, Inland Oil, together with its wholly-owned subsidiaries, Inland Terminals, Incorporated, a Maryland corporation ("Inland Terminals") and Leidy

Chemicals Corporation, a Maryland corporation ("Leidy") requested that the Letter of Intent be amended to provide that the Industrial Building would be acquired by Inland Terminals and leased by Inland Terminals jointly to Inland Oil and Leidy for the purposes outlined in the Letter of Intent. Pursuant to County Council Resolution 4-77 adopted on March 1, 1977 by the County Council, the County indicated its approval of the letter dated December 10, 1976 as an amendment to the Letter of Intent and authorized the County Executive and the President of the County to accept such amendment.

Subsequent to the submission of the Letter of Intent and the amendment thereto to the County and the acceptance thereof by the County, Inland Oil, Leidy and Inland Terminals have determined that it will be necessary for the County to increase its participation in the financing of the Industrial Building by issuing and selling its industrial development revenue bond in a principal amount not to exceed \$2,000,000 in order for Inland Terminals to acquire the Industrial Building. Therefore, Inland Terminals requests that the County increase its participation in the financing of the Industrial Building by issuing and selling its industrial development revenue bond in a principal amount not to exceed \$2,000,000.

Inland Oil, Leidy and Inland Terminals hereby request that the County approve this second amendment to the Letter of Intent (as previously amended), by executing the acceptance contained below so that the Letter of Intent, as previously amended by the letter of December 10, 1976 and as further amended by this letter, shall constitute a "letter of intent" between the County and Inland Terminals, Inland Oil and Leidy as contemplated by Section 266B(d) of the Act.

Very truly yours,

14 the control, reduction or abatement of pollution of the environ-
15 ment (where the proceeds of bonds are used for that purpose), to
16 promote economic development, to protect natural resources and in
17 this manner to promote the health, welfare and safety of the
18 residents of each of the counties and municipalities of the State
19 of Maryland.

20 Harford County, Maryland (the "County") has determined to
21 issue and sell its Harford County, Maryland Industrial Development
22 Revenue Bond (Inland Terminals, Incorporated Project), in the

27 Agreement to be entered into by and between the County and the
28 Company (the "Loan Agreement"), as provided by this Ordinance
29 (such loan being herein referred to as the "Loan"), in order to
30 finance the acquisition (within the meaning of the Act) by the
31 Company of a certian industrial building (within the meaning of
32 the Act) in Harford County, Maryland (the "Industrial Building"),

1 and thereby relieve conditions of unemployment in the State of
2 Maryland and in Harford County, Maryland and thus encourage
3 economic development and protect the health, welfare and safety
4 of the citizens of the State of Maryland and Harford County,
5 Maryland.

11 (hereinafter defined) (a) a Deed of Trust between the Company and
12 certain individual trustees designated by the Bank (the "Deed of
13 Trust"), conveying the Industrial Building and the land appurte-
14 nant and adjacent thereto to such trustees as security for the
15 Loan, (b) a Guaranty Agreement pursuant to which the Company
16 will fully and unconditionally guarantee to the Bank as agent for
17 the holder of the Bond the payment of the principal of and in-
18 terest on the Bond, (c) a Guaranty Agreement pursuant to which
19 Inland Oil and Chemical Corp., a Maryland corporation ("Inland
20 Oil") will fully and unconditionally guarantee to the Bank as

25 Company under the Loan Agreement and (ii) the performance by the

28 Chemicals Corporation, a Maryland corporation ("Leidy") will
29 fully and unconditionally guarantee to the Bank as agent for the
30 holder of the Bond the payment of the principal of and interest
31 on the Bond and to the County and the Bank as agent for the
32 holder of the Bond (i) the payment of the principal of and interest

1 on the Loan and all other payments to be made by the Company
2 under the Loan Agreement and (ii) the performance by the Company
3 of all of its duties and obligations under the Loan Agreement.
4 (Any one of the hereinabove described Guaranty Agreements is
5 hereinafter called a "Guaranty Agreement" and collectively, the
6 "Guaranty Agreements".)

7 In order to insure that the proceeds of the Bond, and the
8 Loan, will be used for the purposes set forth in the Act, the
9 Company will enter into a Trust Agreement with certain individual
10 trustees designated by the Bank (the "Trust Agreement"), pursuant
11 to which the proceeds of the Loan will be deposited with such
12 trustees and held, invested and disbursed by such trustees as
13 therein provided.

14 The County received a letter of intent from Inland Oil dated
15 July 22, 1976 (the "Letter of Intent"), requesting the County to
16 participate in the financing of the acquisition of Industrial
17 Building by Inland Oil in an amount not to exceed \$1,700,000.
18 The Letter of Intent was approved by the County Council of Harford
19 County, Maryland (the "County Council") by Resolution No. 34-76
20 adopted on August 17, 1976 and accepted by the County Executive
21 and the President of the County Council on August 17, 1976, sub-
22 ject to the adoption of this Ordinance. Subsequently, the County
23 received an amendatory letter to the Letter of Intent dated
24 December 10, 1976 (the "First Amendatory Letter"), requesting the
25 County to amend the Letter of Intent to provide that the Indus-
26 trial Building be acquired by the Company and be leased to Inland
27 Oil and Leidy and to further provide that the proceeds of the
28 Bond be loaned by the County to the Company for the purpose of
29 financing the acquisition by the Company of the Industrial
30 Building. The amendment of the Letter of Intent by the First
31 Amendatory Letter was approved by the County Council by Resolution
32 4-77 adopted on March 1, 1977 and accepted by the County Executive

1 and the President of the County Council on _____,
2 1977, subject to the adoption of this Ordinance.

3 The County has now received a second amendatory letter to
4 the Letter of Intent, as previously amended, dated May 13, 1977
5 from the Company, requesting the County to increase its par-
6 ticipation in the financing of the Industrial Building to an
7 amount not to exceed \$2,000,000, which second amendatory letter
8 is attached hereto as Exhibit A and made a part hereof (the
9 "Second Amendatory Letter"). The Letter of Intent, as amended by
10 the First Amendatory Letter and the Second Amendatory Letter, is
11 intended to constitute the "letter of intent or similar agreement"
12 contemplated by Section 266B(d) of the Act, and this Ordinance
13 authorizes and empowers the County to enter into and consummate
14 the transaction which was proposed to the County in accordance
15 with Section 266B(d) of the Act by the Letter of Intent, as
16 amended by the First Amendatory Letter and the Second Amendatory
17 Letter.

18 NOW, THEREFORE, in accordance with the terms and provisions
19 of the Act and the Charter of Harford County, Maryland:

20 Section 1. BE IT ENACTED BY THE COUNTY COUNCIL OF HARFORD
21 COUNTY, MARYLAND, That acting pursuant to the Act, it is hereby
22 found and determined as follows:

23 (1) The issuance and sale of the Bond by the
24 County pursuant to the Act in order to lend the pro-
25 ceeds thereof to the Company for the sole and exclu-
26 sive purpose of financing the acquisition (within
27 the meaning of the Act) of the Industrial Building
28 will facilitate and expedite the acquisition of the
29 Industrial Building by the Company;

30 (2) The acquisition of the Industrial Building
31 by the Company, the leasing of the Industrial Building
32 to Inland Oil and Leidy and the financing of the Indus-

1 trial Building as provided in this Ordinance will promote
2 the declared legislative purposes of the Act by (a)
3 sustaining jobs and employment, thus relieving con-
4 ditions of unemployment in the State of Maryland and
5 in Harford County, Maryland; (b) encouraging the
6 increase of industry and a balanced economy in the State
7 of Maryland and in Harford County, Maryland; (c)
8 assisting in the retention of existing industry
9 in the State of Maryland and in Harford County,
10 Maryland; (d) promoting economic development; and
11 (e) promoting the health, welfare and safety of
12 the residents of Harford County, Maryland and of
13 the State of Maryland.

14 (3) In addition to authorizing the County
15 itself to acquire the Industrial Building and either
16 to lease or to sell the same to the Company, the Act,
17 as an alternative procedure, also authorizes indus-
18 trial building financing to be accomplished in the
19 form of a loan to the Company. The loan form of
20 transaction avoids indirect costs and burdens on the
21 County by not requiring any direct involvement by the
22 County in the acquisition, ownership or administra-
23 tion of the Industrial Building, while permitting
24 ample controls to be imposed on the use of the pro-
25 ceeds of the Bond to insure that the public purposes
26 of the Act and the Bond are fully accomplished. It
27 is, therefore, in the best interests of the citizens
28 of the County, to finance this acquisition of the
29 Industrial Building by a loan to the Company. This
30 Ordinance contemplates and authorizes a transaction
31 in the form of a loan of the proceeds of the Bond
32 by the County to the Company, rather than a trans-

1 action in the form of a lease or sale of the Indus-
2 trial Building. Accordingly, this Ordinance, to-
3 gether with the Loan Agreement authorized hereby,
4 contains such provisions as the County deems appro-
5 priate to effect the financing of the acquisition
6 by the Company of the Industrial Building by the
7 loan form of transaction.

8 (4) Neither the Bond, nor the interest thereon,
9 will constitute (a) a general obligation of the
10 County, or (b) a charge against, or pledge of the
11 general credit or taxing powers of the County, within
12 the meaning of the Constitution of Maryland or any
13 other constitutional, statutory or charter provision
14 or limitation, and neither shall ever constitute or
15 give rise to any pecuniary liability on the part of
16 the County. The principal of and interest on the
17 Bond shall be payable from, and secured by, (a) an
18 assignment of (i) the revenues realized, and the col-
19 lateral pledged, under the Loan Agreement, (ii) the
20 County's right, title and interest in and to, and
21 remedies under the Deed of Trust, (iii) the County's
22 right, title and interest in and to, and remedies under
23 the Guaranty Agreements of Inland Oil and Leidy, and (b)
24 the three Guaranty Agreements. The principal amount of the
25 Loan and the repayments to be made by the Company pur-
26 suant to the Loan Agreement authorized hereby will be
27 paid directly to the Bank to be held and disbursed by
28 the Bank as agent for the holder of the Bond as provided
29 in this Ordinance. No such moneys will be commingled
30 with the County's funds or will be subject to the
31 absolute control of the County, but only to such
32 limited supervision and checks as are deemed necessary

1 or desirable by the County to insure that the proceeds
2 of the Bond are used to accomplish the public purposes
3 of the Act and this Ordinance. The transactions
4 authorized hereby do not constitute the acquisition
5 of property for public use or the purchase of equip-
6 ment for public use. The public purposes expressed in
7 the Act are to be achieved by facilitating the acquisi-
8 tion of the Industrial Building by the Company.

9 (5) The County will acquire no interest in the
10 Industrial Building other than the interest granted
11 under the Deed of Trust and any general interest in the
12 Company's property shared by all holders of the Com-
13 pany's obligations which rank and are secured equally
14 with the Company's obligation pursuant to the Loan
15 Agreement. The security for the Bond shall be
16 solely and exclusively (a) the absolute, irrevocable
17 and unconditional obligation of the Company to make
18 the payments required by the Loan Agreement, (b)
19 moneys realized from any and all collateral (including
20 the Industrial Building) pledged as security for the
21 Loan, and (c) the full and unconditional guarantys by
22 the Company, Inland Oil and Leidy of the payment of the
23 principal of and interest on the Bond pursuant to the
24 Guaranty Agreements.

25 (6) None of the receipts and revenues of the
26 County from the Loan Agreement shall be set aside as
27 a depreciation account (mentioned in the Act), since
28 neither the County nor the Bank desire, or are creat-
29 ing, any interest in the Industrial Building (other
30 than the interest created under the Deed of Trust
31 and any interest shared by all holders of the Company's
32 obligations ranking on a parity with the Company's

1 obligation pursuant to the Loan Agreement). Such
2 a depreciation account would (a) be inconsistent with
3 the transaction authorized hereby and (b) place
4 an unreasonable burden on the Company so as to adversely
5 affect the feasibility of the transaction and thus
6 frustrate the legislative purposes of the Act.

7 (7) The best interests of the County will be
8 served by selling the Bond to the Bank at private
9 (negotiated) sale, as authorized by the Act, upon
10 terms and conditions approved by the County as set
11 forth in this Ordinance.

24 Maryland (1971 Rep. Vol., 1976 Cum. Supp.), as amended (the
25 "Act"), and pursuant to and under the authority of Council Bill
26 No. _____ enacted by the County Council of Harford County on
27 _____, 1977, which Council Bill No. _____ became effec-

32 the Bank (both in its individual corporate capacity and as agent

1 for the holder of this Bond), (c) the terms upon which this Bond
2 is issued and secured, (d) the modification or amendment of any
3 of the foregoing or of the Loan Agreement (hereinafter defined),

5 (as agent for the holder of this Bond) under certain circumstances;
6 and, by the acceptance of this Bond, the holder hereof assents to

8 thereby.

9 This Bond is issued for the purpose of financing, in
10 whole or in part, the cost of the acquisition (as defined in the

12 (the "Company"), of an industrial building (as defined in the

22 This Bond is a limited obligation of the County, and
23 the principal hereof and interest hereon are payable solely from
24 (i) the moneys to be derived by the County under a Loan Agreement
25 of even date herewith between the County and the Company (the

29 providing the aforesaid financing, (ii) any and all moneys

32 moneys received under any Guaranty Agreements of even date

1 herewith executed by the Company, Leidy Chemicals Corporation and
2 Inland Oil and Chemical Corp., all Maryland corporations, such
3 Guaranty Agreements being referred to in the Ordinance, and (iv)
4 moneys derived from all other security referred to in the Ordinance. Neither this Bond nor the interest payable hereon shall
5 ever constitute an indebtedness or a charge against the general
6 credit or taxing powers of the County within the meaning of any
7 constitutional provision or statutory or charter limitation, and
8 neither shall ever constitute or give rise to any pecuniary
9 liability of the County.

11 Pursuant to the Loan Agreement, payments sufficient for
12 the prompt payment when due of the principal of and interest on
13 this Bond are to be paid by the Company directly to the Bank, to
14 be held by the Bank, as agent for the holder of this Bond, in a
15 separate and special fund created by Section 4 of the Ordinance,
16 to be used by the Bank, as agent for the holder of the Bond, for
17 the payment of the principal of and interest on this Bond.

18 The County may under certain circumstances prescribed
19 in Section 7 of the Ordinance be required to pay (but only out of
20 amounts made available to the County by the Company or others for
21 such purposes) all or part of the principal of this Bond (plus
22 accrued and unpaid interest) before maturity upon the terms
23 provided in such Section 7 of the Ordinance. In the event of
24 partial prepayment, the holder hereof shall surrender this Bond
25 to the Bond Registrar (hereinafter referred to), for notation
26 hereon that this Bond, to the extent of the amount prepaid, has
27 been partially prepaid. In the event of a partial prepayment of
28 this Bond, the sums applied to the prepayment shall be applied to
29 the prepayment of the principal hereof in the inverse order of
30 the monthly installment payment dates. Reference is hereby made
31 to Section 7 of the Ordinance for the provisions relating to the

1 holder hereof assents to such prepayment provisions and agrees to
2 be bound thereby.

3 Notice of any such prepayment shall be given at least
4 two (2) banking days prior to the prepayment date by mailing and
5 by telegraphing to the registered owner of this Bond a notice
6 fixing such prepayment date, the amount of principal to be pre-
7 paid and the interest to be paid through the prepayment date.
8 The notice required herein to be given may be waived by the
9 registered owner of this Bond.

10 All payments hereunder shall be made in immediately
11 available funds at the office of Union Trust Company of Maryland,
12 Baltimore and St. Paul Streets, Baltimore, Maryland 21203. If
13 any principal or interest payable hereon falls due on any day
14 other than a banking day at the Bank, then such payment date
15 shall be extended to the next succeeding full banking day.

16 In the event any installment of the principal and
17 interest, or payment of interest, as hereinabove provided, is not
18 paid when due and payable, such installment of principal and
19 interest, or payment of interest, shall bear interest at the rate
20 of eleven and one-half per centum (11-1/2%) per annum until paid.

21 This Bond shall be registered as to both principal and
22 interest. The Bank shall serve as Bond Registrar, and shall keep
23 at its principal office in Baltimore, Maryland, for so long as
24 this Bond remains outstanding, books for the registration and
25 transfer hereof. When used herein, the term "holder of this Bond"
26 shall mean the registered owner from time to time of this Bond.
27 The initial holder of this Bond shall be the Bank.

28 This Bond shall be transferable only upon the books
29 maintained by the Bond Registrar by the registered owner hereof
30 in person or by his attorney duly authorized in writing, upon
31 surrender hereof together with a written instrument of transfer
32 satisfactory to the Bond Registrar duly executed by the registered

1 owner or his duly authorized attorney. This Bond is a "security"
2 within the meaning of Article 8 of the Maryland Uniform Commercial
3 Code, and, notwithstanding the provisions herein contained for
4 registration, is, and shall remain, negotiable. The laws of the
5 State of Maryland shall govern the construction of this Bond.

6 The County, the Bank, as agent for the holder of this
7 Bond, and the Bond Registrar may deem and treat the person in
8 whose name this Bond shall be registered as the absolute owner
9 hereof, whether this Bond shall be overdue or not, for the pur-
10 pose or receiving payment of, or on account of, the principal of
11 and interest hereon and for all purposes, and all such payments
12 so made to such registered owner or upon his order shall be valid
13 and effectual to satisfy and discharge the liability upon this
14 Bond to the extent of the sum or sums so paid, and neither the
15 County nor the Bank, as agent for the holder of this Bond, nor
16 the Bond Registrar shall be affected by any notice to the con-
17 trary.

18 Within 60 days after receipt of a written request from
19 the holder hereof (or within such longer period as may be reason-
20 ably required for the authorization, issuance and preparation of
21 bonds) the County will take action necessary to cause serial
22 bonds to be duly authorized and issued, to the extent permitted
23 by applicable laws, in order that this Bond may be exchanged for
24 a series of serial bonds. Any serial bonds so authorized and
25 issued shall be substantially in the same form as this Bond, with
26 only such changes in amounts, dates and other details as may be
27 necessary. All such serial bonds shall (a) bear interest at the
28 same rate, and (b) be ratably and equally secured by, and entitled
29 to the benefits of, the Ordinance and the security for the repay-
30 ment of the Bond provided for therein. Any expenses incurred by
31 the County in authorizing and issuing any such serial bonds shall
32 be paid by the Company.

1 IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all
 2 conditions, acts and things required by the Constitution and laws
 3 of the State of Maryland and the Charter of Harford County,
 4 Maryland, to exist, to have happened and to have been performed
 5 precedent to and in the execution and delivery of this Bond
 6 exist, have happened, and have been performed, and that the
 7 issuance of this Bond, together with all other obligations of the
 8 County, does not exceed or violate any constitutional or statutory
 9 debt limitations.

23 Section 4. BE IT FURTHER ENACTED BY THE COUNTY COUNCIL OF
 24 HARFORD COUNTY, MARYLAND, That in consideration of the purchase
 25 and acceptance of the Bond by those who shall hold the same from
 26 time to time, (i) this Ordinance shall be deemed to be and shall
 27 constitute a contract between the County and the holder from time
 28 to time of the Bond; (ii) the pledge made herein and the covenants
 29 to be performed by or on behalf of the County shall be for the
 30 benefit, protection and security of the holder of the Bond; (iii)
 31 the County does hereby, and by execution of the Assignment herein-
 32 after approved, set aside and pledge the income and revenue of

1 the Loan Agreement (other than payments to be made to the County
2 pursuant to Sections 11.4, 13.2 and 13.9 of the Loan Agreement
3 and the second literary paragraph of Section 5.3 of the Loan
4 Agreement) to the Bank as agent for the holder of the Bond to be

7 principal of and interest on the Bond, and for the performance of
8 any other obligations of the County under this Ordinance; and
9 (iv) the pledge herein made is valid and binding from the time

14 Section 5. BE IT FURTHER ENACTED BY THE COUNTY COUNCIL OF

17 the Loan Agreement and the Act, lend the proceeds of the issuance
18 and sale thereof to the Company to be applied to the acquisition
19 of the Industrial Building in accordance with the provisions of
20 Section 4.3 of the Loan Agreement.

21 The proceeds of the Bond shall be advanced to the Company as
22 provided in the Loan Agreement, and, in order to insure that such
23 proceeds will be used for the purposes set forth in the Act, the
24 Company shall deposit such proceeds with the Trustees under the
25 Trust Agreement, who will hold, invest and disburse such proceeds
26 as therein and in Sections 4.3 through 4.6 of the Loan Agreement
27 provided.

28 Section 6. BE IT FURTHER ENACTED BY THE COUNTY COUNCIL OF
29 HARFORD COUNTY, MARYLAND, That the County covenants that it
30 will promptly pay the principal of and interest on the Bond, and
31 premium, if any, at the place, on the dates and in the manner
32 provided in this Ordinance and in the Bond according to their

1 true intent and meaning; provided that the Bond, together with
2 the interest thereon, shall be the limited obligation of the
3 County payable solely from the moneys derived from (a) the Loan
4 Agreement and the sale of any collateral pledged thereunder and
5 under the Deed of Trust, (b) the Guaranty Agreements and (c) all
6 other security referred to in this Ordinance, and shall be a
7 valid claim of the holder thereof only against such moneys,

10 expressly authorized in this Ordinance). Neither the Bond nor the
11 interest payable thereon shall ever constitute an indebtedness or
12 a charge against the general credit or taxing powers of the
13 County within the meaning of any constitutional or charter pro-
14 vision or statutory limitation and neither shall ever constitute
15 or give rise to any pecuniary liability of the County.

16 Section 7. BE IT FURTHER ENACTED BY THE COUNTY COUNCIL OF
17 HARFORD COUNTY, MARYLAND, That the Bond shall be subject to pre-
18 payment by the County (but only from moneys received by it from
19 the Company or others) prior to its expressed maturity as follows:

20 (a) The Bond shall be prepaid, either as a whole
21 at any time or in part from time to time in multiples
22 of \$10,000, upon the exercise by the Company of its
23 option to prepay the amounts due under the Loan
24 Agreement as provided in Section 12.1 of the Loan
25 Agreement, at a prepayment price of the principal
26 amount to be prepaid, together with unpaid interest
27 thereon accrued to the date fixed for prepayment,
28 without payment of premium or penalty.

29 (b) The Bond shall be prepaid, as a whole but
30 not in part, upon the occurrence of an event which
31 under Section 12.2 of the Loan Agreement obligates
32 the Company to prepay amounts due under the Loan Agree-

1 ment. Section 12.2 of the Loan Agreement provides
2 that the Company shall be obligated to prepay amounts
3 due under the Loan Agreement in the event that (i) as
4 a result of federal, state or local constitutional,
5 legislative, administrative or judicial action the
6 Loan Agreement shall have become void, unenforceable
7 or impossible of performance; (ii) the Company's use
8 and occupancy of the Industrial Building for its
9 intended purpose or any part thereof shall, in the

11 (as a result of condemnation or otherwise); or (iii)
12 the interest payable on the Bond is or becomes inclu-
13 dible in the gross income of the holder of the Bond
14 (as defined in Section 61 of the Internal Revenue Code
15 of 1954, as amended). If the Bond is prepaid pursuant
16 to this Section 7(b), the prepayment price shall be
17 equal to the outstanding principal amount of the Bond
18 together with unpaid interest on the Bond accrued to
19 the date fixed for prepayment. In addition, if the
20 Bond is to be prepaid as a result of the interest
21 thereon being or becoming includible in the gross income
22 of the holder of the Bond, the prepayment price
23 shall also include an additional amount which, when
24 added to the interest paid on the Bond from the date
25 the interest on the Bond became so includible in the
26 gross income of the holder, would cause the total
27 amount of interest on the Bond from such date to the
28 date of prepayment to have been paid at a rate equal
29 to 10-1/2% per annum.

30 (c) The Bond shall be prepaid in part in the
31 event that any of the proceeds of the Loan remain
32 on deposit with the Trustees after completion of the

1 acquisition of the Industrial Building as set forth
2 in Section 4.3 of the Loan Agreement and Section 5.3
3 of the Trust Agreement, and any such prepayment may
4 be made at any time and in any amount, without
5 premium or penalty and shall be applied to the pre-
6 payment of the installments of principal of the Bond
7 in the inverse order of their payment dates.

8 (d) The Bond shall be prepaid, as a whole but
9 not in part, upon any occurrence under the Loan Agree-
10 ment, which gives the County, the Bank as agent for the
11 holder of the Bond or the holder of the Bond the option
12 to accelerate the maturity of the amounts payable under
13 the Loan Agreement, at a prepayment price equal to the
14 outstanding principal amount thereof together with un-
15 paid interest accrued to the date of prepayment.

16 The County shall prepay the outstanding principal amount of
17 the Bond (or a portion thereof in the event of partial prepayment),
18 the interest thereon accrued and unpaid to the prepayment date,
19 and the premium, if any, immediately, and only, upon receipt by
20 the County of any sums payable by the Company under the Loan
21 Agreement as a result of the occurrence of any event set forth in
22 (a), (b), (c) or (d) above; and the County hereby covenants to
23 apply all sums so received by it for such purpose to the prepay-
24 ment of the Bond. In the event such sums are not sufficient to
25 provide for the prepayment of the entire outstanding principal
26 amount of the Bond, such sums shall be applied to the prepayment
27 of the installments of principal of the Bond in the inverse order
28 of their payment dates.

29 In the event of a partial prepayment, the holder of the Bond
30 shall surrender the Bond to the Bond Registrar (hereinafter re-
31 ferred to) for notation thereon that the Bond, to the extent of
32 the amount prepaid, has been partially prepaid.

1 Notice of any prepayment shall be given at least
2 two (2) banking days prior to the prepayment date by mail-
3 ing or telegraphing to the registered owner of the Bond a
4 notice stating the prepayment date, the amount of principal
5 to be prepaid and the interest to be paid through the prepay-
6 ment date. The notice may be waived by the registered owner
7 of the Bond.

8 Section 8. BE IT FURTHER ENACTED BY THE COUNTY COUNCIL OF
9 HARFORD COUNTY, MARYLAND, That payment of the Bond and the

19 payment on the Bond falls due on a Saturday, Sunday or public
20 holiday at the place of payment thereof, then such date shall
21 be extended to the next succeeding full banking day at such

23 When the principal of and interest on the Bond shall

2 or by his attorney duly authorized in writing, upon surrender
3 thereof together with a written instrument of transfer satis-
4 factory to the Bond Registrar duly executed by the registered
5 owner or his duly authorized attorney.

6 The County, the Bank as agent for the holder of the Bond and
7 the Bond Registrar may deem and treat the person in whose name
8 the Bond shall be registered as the absolute owner of the Bond,
9 whether the Bond shall be overdue or not, for the purpose of re-
10 ceiving payment of, or on account of, the principal of and in-
11 terest on the Bond and for all other purposes, and all such
12 payments so made to such registered owner or upon his order shall
13 be valid and effectual to satisfy and discharge the liability
14 upon the Bond to the extent of the sum or sums so paid, and
15 neither the County nor the Bank nor the Bond Registrar shall be
16 affected by any notice to the contrary.

17 Within 60 days after receipt of a written request from the

19 ably required for the authorization, issuance and preparation of
20 bonds) the County will take action necessary to cause serial

12 to time with the Trustees under the Trust Agreement.

13 The Company agrees that with respect to the collateral
14 described above the County and its assigns (including the Bank as
15 agent for the holder of the Bond) shall have all of the rights
16 and remedies of a secured party under the Maryland Uniform
17 Commercial Code.

18 ARTICLE III.

19 Representations and Warranties; Findings

20 Section 3.1 Representations by the County. The County
21 makes the following representations:

22 (a) Corporate Existence. The County is a body politic and
23 corporate and a political subdivision of the State of Maryland.
24 Under the provisions of the Act, the County has the power to
25 enter into the transactions contemplated by this Agreement and to
26 carry out its obligations hereunder. By proper action, the
27 County has been duly authorized to execute and deliver this
28 Agreement, to enter into the transactions contemplated hereby and
29 to issue and sell the Bond.

30 (b) Issuance of the Bond. To finance the cost of the
31 acquisition of the Industrial Building the County has agreed at
32 the request of the Company to issue and sell the Bond and to lend

1 the proceeds thereof to the Company pursuant to the terms and
2 conditions of this Agreement.

3 (c) Pledge of Proceeds of the Loan. As provided in the
4 Ordinance pursuant to which the Bond is to be issued and sold,
5 the County's interest in this Loan Agreement and the moneys
6 derived by the County from the repayment of the Loan will be
7 pledged for payment of the principal of and interest on the Bond
8 and for any other payment referred to in Section 5.3 hereof.

9 Section 3.2. Representations and Warranties by the Company.

10 The Company makes the following representations and warranties:

11 (a) Subsidiaries. The Company has no subsidiaries.

12 (b) Good Standing. The Company (i) is a corporation duly
13 organized and existing, in good standing, under the laws of the
14 State of Maryland, (ii) has the corporate power to own its
15 property and to carry on its business as now being conducted, and
16 (iii) is duly qualified to do business and is in good standing in
17 each jurisdiction in which the character of the properties owned
18 by it therein or in which the transaction of its business makes
19 such qualification necessary.

20 (c) Corporate Authority. The Company has full power and
21 authority to enter into this Agreement, to make the borrowing
22 hereunder, to execute and deliver this Agreement, the Guaranty
23 Agreement of the Company, the Trust Agreement, the Deed of Trust
24 and all other documents necessary in the premises, and to incur
25 the obligations provided for herein and therein, all of which
26 have been duly authorized by all proper and necessary corporate
27 action. No consent or approval of stockholders or of any public
28 authority or regulatory body is required as a condition to the
29 validity or enforceability of this Agreement, the Guaranty
30 Agreement of the Company, the Trust Agreement, or the Deed of
31 Trust.

32 (d) Binding Agreement. This Agreement, the Guaranty

1 Agreement of the Company, the Trust Agreement, and the Deed of
2 Trust constitute the valid and legally binding obligations of the
3 Company, and are fully enforceable against the Company in accord-
4 ance with their respective terms.

5 (e) Litigation. There are no proceedings pending or, so
6 far as the officers of the Company know, threatened, before any
7 court or administrative agency which, in the opinion of the
8 officers of the Company will materially adversely affect the
9 financial condition or operations of the Company or adversely
10 affect the validity or enforceability of this Agreement, the
11 Ordinance, the Guaranty Agreement of the Company, the Trust
12 Agreement or the Deed of Trust.

13 (f) No Conflicting Agreements. There is no charter, by-law
14 or preference stock provision of the Company and no provision of
15 any existing mortgage, indenture, contract or agreement binding
16 on the Company or affecting its property, which would conflict
17 with or in any way prevent the execution, delivery, or carrying
18 out of the terms of this Agreement, the Guaranty Agreement of the
19 Company, the Trust Agreement, or the Deed of Trust.

20 (g) Financial Condition. The consolidated and consolidating
21 balance sheets of Inland Oil and its subsidiaries (including the
22 Company and Leidy) dated as of June 30, 1976, together with
23 consolidated statements of net sales, cost of goods sold, pre-tax
24 earnings, and of dividends and other withdrawals to the close of
25 such period, prepared by Graybush, Lichter & Newman, heretofore
26 delivered to the Bank, are complete and correct and fairly present
27 the financial condition of Inland Oil and its subsidiaries and
28 results of their operations and transactions in their surplus
29 accounts as of the dates and for the period referred to and have
30 been prepared in accordance with generally accepted accounting
31 principles applied on a consistent basis throughout the period
32 involved. There are no liabilities, direct or indirect, fixed or

1 contingent, of the Company as of the date of such balance sheet
2 which are not reflected therein or in the notes thereto. There
3 has been no material adverse change in the financial condition or
4 operations of the Company since the date of such balance sheet.
5 The Company has good and marketable title to all its properties
6 and assets, and all such properties and assets are free and clear
7 of mortgages, pledges, liens, changes and other encumbrances,
8 except as reflected on such balance sheet or the notes thereto.

9 (h) Utility Arrangements and Permits. The Company has
10 procured, or hereby agrees to use its best efforts to procure,
11 from the appropriate state, county, municipal, and other authori-
12 ties and corporations, connection and discharge arrangements for
13 the supply of water, gas, electricity and other utilities and
14 sewage and industrial waste disposal for the operation of the
15 Industrial Building.

16 (i) Taxes. The Company has filed or caused to be filed all
17 Federal, state and local tax returns which, to the knowledge of
18 the officers of the Company, are required to be filed, and has
19 paid or caused to be paid all taxes as shown on such returns or
20 on any assessment received by it, to the extent that such taxes
21 have become due. The Company has set up reserves which are
22 believed by the Company to be adequate for the payment of additional
23 taxes for years which have not been audited by the respective tax
24 authorities.

25 (j) Use of Loan Proceeds. The Company intends to use the
26 proceeds of the Loan solely to acquire the Industrial Building.
27 The Company intends the Bond to be an "Industrial Development
28 Bond" within the meaning of Section 103(b)(2) of the Code.

29 Substantially all of the proceeds of the Bond will be used
30 to acquire land or property of a character subject to the allowance
31 for depreciation as prescribed in Section 103(b)(6)(D) of the
32 Code; and the Company will not commit any act which will adversely

1 affect the tax exempt status of the interest on the Bond. No
2 part of the proceeds of the Bond will be used to finance inven-
3 tory or for working capital. On the basis of the facts, esti-
4 mates and circumstances in existence on the date of this Agree-
5 ment, a period of less than two (2) years from the date of
6 issuance of the Bond is necessary for the completion of the
7 acquisition of the Industrial Building.

8 (k) Liens on Collateral. There exist(s) no lien or liens
9 on the collateral pledged as security for the Loan under Section
10 2.2 of this Agreement or on any of the property pledged as
11 security for the Loan under the Deed of Trust.

12 (l) Commencement of Work and Binding Obligations. The
13 Company did not commence work on, and did not incur any binding
14 obligations for the acquisition of, the Industrial Building until
15 after _____.

16 Section 3.3. Findings by County. The County hereby confirms
17 its findings that the acquisition of the Industrial Building will
18 promote the purposes of the Act by (i) maintaining employment and
19 relieving unemployment in Harford County, Maryland, and elsewhere
20 in the State of Maryland; (ii) encouraging the increase of
21 industry and a balanced economy in the State of Maryland and in
22 Harford County, Maryland; (iii) promoting economic development;
23 and (iv) thus promoting the health, welfare and safety of the
24 residents of Harford County, Maryland and of the State of Maryland.

25 ARTICLE IV.

26 Commencement and Completion of the
27 Industrial Building; Issuance of the Bond

28 Section 4.1. Agreement to Acquire the Industrial Building.
29 The Company covenants and agrees that:

30 (a) It will cause the Industrial Building to be acquired
31 substantially in accordance with the description of the Industrial
32 Building set forth in Exhibit A attached hereto and the Plans and

1 Specifications (referred to and defined in the Trust Agreement).

2 (b) Without the prior written consent of the Bank as agent
3 for the holder of the Bond, it and its contractors will not
4 make any changes in the Industrial Building to be acquired as
5 described in Exhibit A attached hereto or in the Plans and Speci-
6 fications (referred to and defined in the Trust Agreement), and
7 will make no substitutions for the equipment listed in Exhibit A
8 and comprising part of the Industrial Building.

9 (c) It will cause the acquisition of the Industrial Build-
10 ing to be completed within the period of time prescribed in
11 Section 1 of the Trust Agreement. In the event the acquisition
12 of the Industrial Building commences prior to the receipt of
13 proceeds from the sale of the Bond, the Company agrees to advance
14 all funds necessary for such purposes, subject to reimbursement
15 pursuant to the provisions hereof. Nothing contained in this
16 Section shall relieve the Company from making any payments
17 required to be made pursuant hereto.

18 Section 4.2. Agreement to Issue Bond; Application of Bond
19 Proceeds. In order to provide funds for payment of the costs of
20 acquisition provided for in Section 4.3 hereof, the County agrees
21 that it will issue and sell the Bond and cause the Bond to be
22 delivered to the Bank pursuant to and in accordance with the
23 Ordinance. Upon receipt of the proceeds of the Bond, the County
24 will disburse such proceeds to the Company in accordance with the
25 provisions of the Ordinance and Section 4.3 of this Agreement.

26 Section 4.3. Disbursement of the Loan Proceeds. The County
27 and the Company hereby authorize and direct the use of the
28 proceeds of the Loan for the following purposes (and, subject to
29 the provisions of Section 4.6 hereof, for no other purpose):

30 (a) Payment of the necessary expenses of preparing and
31 selling the Bond; the fees and expenses for recording or filing
32 any financing statements required by the County or the Bank as

1 agent for the holder of the Bond to be recorded or filed, and any
2 other documents or instruments, the filing or recording of which
3 either the County, the Bank as agent for the holder of the Bond,
4 or the Company, or counsel to the County, the Bank as agent for
5 the holder of the Bond, or the Company may reasonably deem
6 desirable; and the fees and expenses in connection with the
7 commencement and prosecution of any action or proceeding that
8 either the County, the Bank as agent for the holder of the Bond,
9 or the Company, or counsel to the County, the Bank as agent for
10 the holder of the Bond, or the Company may reasonably deem
11 desirable in connection with this Agreement and the transactions
12 contemplated hereby.

13 (b) Subject to the terms and conditions of the Trust Agree-
14 ment, payment to the Company of such amount, if any, as shall be
15 necessary to reimburse the Company for all advances and payments
16 made or costs incurred by the Company prior to or after the
17 execution of this Agreement for expenditures in connection with
18 the preparation of the Plans and Specifications (referred to and
19 defined in the Trust Agreement) for the Industrial Building
20 (including any preliminary study of the Industrial Building or
21 any aspect thereof); site improvements; any and all direct and
22 indirect costs of acquisition of the Industrial Building; the
23 construction, acquisition and installation necessary to provide
24 utility services; acquisition of all other property deemed
25 necessary in connection with the Industrial Building; and for
26 miscellaneous expenses incidental to any of the above (including,
27 without limitation, fees for architectural, engineering and
28 supervisory services with respect to any of the foregoing).

29 (c) Payment of the legal and accounting fees (including
30 those of the Bank, the Bank as agent for the holder of the Bond
31 and those of the County) and expenses incurred in connection with
32 the authorization, issuance and sale of the Bond, the preparation

1 of this Agreement and all other documents in connection therewith
2 and in connection with the acquisition of title to the Industrial
3 Building; and payment of the fees, or out-of-pocket expenses, of
4 the County, if any, incurred with respect to the Industrial
5 Building or the Bond to be issued under the Ordinance.

6 (d) Payment for labor, services, materials and supplies
7 used or furnished for any of the purposes or objectives set out
8 in Section 4.3(b) above, subject to the terms and conditions of
9 the Trust Agreement.

10 (e) Payment to the Bank as agent for the holder of the
11 Bond, as such payments become due, of the fees and expenses of
12 the Bank as agent for the holder of the Bond that may become due
13 during the Acquisition Period, or reimbursement thereof, if paid
14 by the Company.

15 (f) Payment of expenses incurred with the approval of the
16 Company in seeking to enforce any remedy against any contractor
17 or subcontractor in respect of any default under any contracts to
18 which the Company is a party in connection with the Industrial
19 Building.

20 (g) Payment of any other expenses authorized under the Act.

21 The proceeds of the Loan will be disbursed by the County to
22 the Company, and the Company will simultaneously deposit such
23 proceeds in trust with the Trustees under and pursuant to the
24 Trust Agreement, to be held, invested and disbursed by the
25 Trustees as therein provided for the purposes set forth in this
26 Agreement and the Trust Agreement. Unless the prior written
27 consent of the holder of the Bond is obtained, the proceeds of
28 the Loan may be disbursed only in accordance with the terms,
29 conditions, provisions and procedures set forth in the Trust
30 Agreement.

31 The Company covenants that substantially all of the proceeds
32 of the Bond shall be used in compliance with Section 103(b)(2) of

1 the Code, and shall be used for the acquisition, construction or
2 installation of land or property of a character subject to the
3 allowance for depreciation as prescribed in Section 103(b)(6)(D)
4 of the Code. All moneys remaining on deposit after the Completion
5 Date and after payment of all items provided for in this Section,
6 except for amounts required by the Company for payment of costs
7 of the Industrial Building not then due and payable, and any
8 moneys held by the Trustees at the time of default under Section
9 8 of the Trust Agreement, shall be disbursed by the Trustees to
10 the County to be applied to the prepayment, without premium or
11 penalty, of the amounts due hereunder, and such amounts shall be
12 applied by the County to the immediate prepayment, without
13 premium or penalty, of the installments of principal of the Bond
14 (in the inverse order of their payment dates) in accordance with
15 the terms and provisions of the Ordinance. Any such prepayment
16 made under this Section 4.3 need not be made in multiples of
17 \$10,000.

18 Section 4.4. Establishment of Completion Date. The Com-
19 pletion Date shall be evidenced to the Bank as agent for the
20 holder of the Bond, the Trustees and the County by a certificate
21 signed by the Authorized Company Representative and the Company's
22 architect stating in substance that (1) the acquisition of the
23 Industrial Building has been completed to the satisfaction of the
24 Company in accordance with the description thereof set forth in
25 Exhibit A hereto and the Plans and Specifications (referred to
26 and defined in the Trust Agreement), and all labor, services,
27 materials and supplies used in such acquisition have been paid
28 for, (2) all other improvements, and necessary and useful machinery
29 and equipment described in Exhibit A hereto, necessary in connect-
30 ion with the Industrial Building have been acquired and constructed
31 substantially in accordance with the description thereof set
32 forth in Exhibit A hereto, and all costs and expenses incurred in

1 connection therewith have been paid, (3) the Industrial Building
2 is suitable and sufficient for its intended purposes, and (4)
3 substantially all of the proceeds from the Bond theretofore
4 advanced by the Trustees have been used for purposes allowable
5 under Section 103(b)(2) of the Code. Such certificate shall have
6 attached thereto final waivers of liens of the general contractor
7 and all subcontractors and suppliers as well as a copy of the
8 permanent certificate of occupancy.

9 Notwithstanding the foregoing, such certificate shall state
10 that it is given without prejudice to any rights against third
11 parties which exist at the date of such certificate or which may
12 subsequently come into being. It shall be the duty of the
13 Company to cause such certificate to be furnished as soon as the
14 acquisition of the Industrial Building shall have been completed.

15 Section 4.5. Company Required to Pay Costs in the Event
16 Bond Proceeds Insufficient. In the event the proceeds of the
17 Bond available for payment of the costs of the acquisition of the
18 Industrial Building shall not be sufficient to pay the costs
19 thereof in full (including all items of cost set forth in Section
20 4.3 hereof), the Company agrees to complete the acquisition of
21 the Industrial Building and pay all that portion of the costs of
22 the acquisition of the Industrial Building (including all items
23 of cost set forth in Section 4.3 hereof) as may be in excess of
24 the proceeds of the Bond available therefor. The County does not
25 make any warranty, either express or implied, that the proceeds
26 of the Bond which, under the provisions of this Agreement, will
27 be available for payment of the costs of the acquisition of the
28 Industrial Building will be sufficient to pay all the costs which
29 will be incurred in that connection (including all items of cost
30 set forth in Section 4.3 hereof). The Company agrees that if
31 after exhaustion of the proceeds of the Bond the Company shall
32 pay any portion of the costs of the acquisition of the Industrial

1 Building pursuant to the provisions of this Section, it shall not
2 be entitled to any reimbursement therefor from the County, or
3 from the Bank, or from the Bank as agent for the holder of the
4 Bond, or from the holder of the Bond, or from the Trustees, nor
5 shall it be entitled to any diminution of the amounts payable
6 hereunder.

7 Section 4.6. Investment of Money. Any moneys held by the
8 Trustees under the Trust Agreement and not required for immediate
9 disbursements and withdrawal shall, at the written request of the
10 Authorized Company Representative, be invested or reinvested to
11 the extent permitted by law, in the following: (i) general
12 obligations, of, or obligations unconditionally guaranteed as to
13 principal and interest by, the United States of America; (ii)
14 bonds, debentures, participation certificates or notes issued by
15 any agency or corporation which is or may hereafter be created by
16 an Act of the Congress of the United States as an agency or
17 instrumentality thereof; (iii) Public Housing Bonds, Temporary
18 Notes or Preliminary Loan Notes, fully secured by contracts with
19 the United States; (iv) certificates of deposit issued by the
20 Bank, or any other bank, trust company or national banking
21 association, organized under the laws of the United States or any
22 state thereof, which has a combined capital of at least \$40,000,000,
23 in any amount; or (v) any other investment which the Trustees may
24 legally make under Federal and Maryland law. Such investments
25 shall be made in the discretion of the Trustees; provided,
26 however, that the Company may by written direction from the
27 Authorized Company Representative to the Trustees direct the
28 investments. All such investments shall have maturities conso-
29 nant with the need for funds as estimated by such Authorized
30 Company Representative. The Company covenants that it will not
31 direct or permit investments which would cause the Bond to be an
32 "arbitrage bond" within the meaning of Section 103(c)(2) of the

1 Code. On each interest payment date, as provided in Section 5.3
2 hereof, any profit realized from investments made hereunder shall
3 be paid over by the Trustees to the Bank as agent for the holder
4 of the Bond (as assignee of the County) and shall be applied by
5 the Bank as agent for the holder of the Bond to the interest on
6 the Loan due and payable on such date. To the extent that any
7 profits are so paid over and applied, the payment of interest for
8 which the Company is responsible on such date shall be reduced
9 accordingly. Excess profits, over and above the interest due
10 and payable on such date shall remain on deposit (and be
11 reinvested by the Trustees to the extent practicable) until the
12 next interest payment date, when it will be paid over and applied
13 as aforesaid. Upon completion of the acquisition of the Indus-
14 trial Building, all moneys held by the Trustees shall be applied
15 as set forth in the third literary paragraph of Section 4.3 of
16 this Agreement.

17 ARTICLE V.

18 Effective Date of This Agreement; Duration of
19 Loan Term; Ownership and Possession of Industrial Building;
20 Repayment Provisions; Obligations of Company Unconditional

21 Section 5.1. Effective Date of This Agreement; Duration of
22 Loan Term. This Agreement shall become effective upon its
23 delivery, and shall expire on such date as the Bond has been
24 fully paid and retired and all other payments required hereunder
25 have been made. Anything herein contained to the contrary notwith-
26 standing, this Section shall not affect the Company's obligation
27 to pay to the holder of the Bond an additional amount after the
28 Bond has been fully paid and retired in the event that the holder
29 of the Bond in a tax return or as a result of a deficiency
30 assessment or otherwise, incurs a tax liability as more fully set
31 out in Section 5.3 hereof.

32 Section 5.2. Ownership and Possession of the Industrial
Building. The County agrees that the Industrial Building shall

1 be the sole property of the Company and that the Company shall
2 enjoy the sole and exclusive ownership and possession of the
3 Industrial Building (subject to the right of the County to enter
4 thereon for inspection and other purposes pursuant to the pro-
5 visions of Section 9.2 hereof). The County covenants and agrees
6 that it will not take any action, other than pursuant to Article
7 XI of this Loan Agreement and its general police powers, to
8 prevent the Company from having quiet and peaceable enjoyment of
9 the Industrial Building.

10 Section 5.3. Amounts Payable. The Company promises to
11 repay the Loan with interest at the rate of 7-1/4% per annum
12 (calculated on the basis of a 360-day year factor applied to
13 actual days elapsed). The principal of and interest on the Loan
14 shall be paid in lawful money of the United States of America at
15 the time of payment as follows:

16 (a) interest only from the date of delivery shall be due
17 and payable on the first day of September, 1977;

18 (b) commencing on the first day of October, 1977, and on
19 the first day of each and every month thereafter, to and including
20 the first day of August, 1997, principal and interest shall be
21 paid in equal consecutive monthly installments of \$15,807.60
22 each;

23 (c) the Loan will mature, and the entire unpaid balance of
24 principal thereof and accrued and unpaid interest thereon shall
25 be due and payable on August 1, 1997; and

26 (d) all payments received shall be applied first to in-
27 terest and the balance to principal.

28 In any event each and every payment to be made under this Section
29 shall be sufficient to pay the principal of and interest on the
30 Bond when due (whether at maturity, by redemption, by acceleration
31 or otherwise).

32 The Company agrees to pay to (and within 30 days after the

1 request of) the County, the Bank, and the Bank as agent for the
2 holder of the Bond, until the principal of and interest on the
3 Bond shall have been paid in full, (i) the ordinary and reason-
4 able fees, charges and expenses of the County, the Bank, and the
5 Bank as agent for the holder of the Bond incurred in connection
6 with the transactions contemplated by this Loan Agreement as and
7 when the same become due, and (ii) the reasonable fees, charges
8 and expenses incurred by the County under the Ordinance as and
9 when the same become due, including, but not limited to, any
10 expenses incurred by the County in authorizing and issuing serial
11 bonds pursuant to Section 9 of the Ordinance.

12 In the event that after the Bond has been fully paid and
13 retired, any holder of the Bond, in a tax return or as a result
14 of a deficiency or otherwise, incurs a tax liability under cir-
15 cumstances that, were the Bond then outstanding, would obligate
16 the Company to prepay the amounts due hereunder as set out in
17 Section 12.2(c) hereof, the Company agrees to pay directly to
18 that holder of the Bond an additional amount of money, which when
19 added to the interest paid on the Bond from the date the interest
20 became so includible in the gross income of that holder, would
21 cause the total amount of interest on the Bond from such date to
22 the date upon which the Bond has been fully paid and retired to
23 have been paid at a rate equal to 10-1/2% per annum. In the
24 event that after the Bond has been transferred in accordance with
25 Section 9 of the Ordinance but prior to the date on which the
26 Bond has been fully paid and retired, any previous holder of the
27 Bond, in a tax return or as a result of a deficiency assessment
28 or otherwise, incurs a tax liability as a result of the interest
29 payable on the Bond being includible in the gross income (as
30 defined in Section 61 of the Code) of such previous holder of the
31 Bond, the Company agrees to pay directly to that previous holder
32 of the Bond an additional amount of money, which when added to

the interest paid on the Bond from the date the interest on the Bond became so includible in the gross income of that holder of the Bond, would cause the total amount of interest on the Bond from such date to the date upon which the interest on the Bond was no longer includible in the gross income of that holder to have been paid at a rate equal to 10-1/2% per annum.

In the event the Company should fail to make any of the payments required in this Section, the item or installment so in default shall continue as an obligation of the Company until the amount in default shall have been fully paid, and the Company agrees to pay the said item or installment in default with interest thereon at the rate of 11-1/2% per annum until paid.

Section 5.4. Place of Payments. The payments provided for in the first literary paragraph of Section 5.3 hereof shall be made in immediately available funds directly to the Bank as agent for the holder of the Bond, at its offices at Baltimore and St. Paul Streets, Baltimore, Maryland 21203. If any payment hereunder falls due on any day which is not a Banking Day, then such payment date shall be extended to the next succeeding full Banking Day. The payments to be made under the second literary paragraph of Section 5.3 hereof shall be paid directly to the Bank, to the Bank as agent for the holder of the Bond or to the County as the case may require.

Section 5.5. Obligations of Company Hereunder Unconditional. The obligation of the Company to make the payments required in Section 5.3 hereof and to perform and observe the other agreements on its part contained herein shall be absolute and unconditional, irrespective of any defense or any rights of set-off, recoupment or counterclaim it might otherwise have against the County, and the Company shall pay absolutely net during the term of this Agreement the payments to be made on account of the Loan as prescribed in Section 5.3 and all other payments required

1 hereunder, free of any deductions and without abatement, diminu-
2 tion or set-off other than those herein expressly provided; and
3 until such time as the principal of and interest on the Bond
4 shall have been fully paid, the Company: (i) will not suspend or
5 discontinue any payments provided for in Section 5.3 hereof; (ii)
6 will perform and observe all of its other agreements contained in
7 this Agreement; and (iii) except as provided in Article XII
8 hereof, will not terminate this Agreement for any cause, includ-
9 ing, without limiting the generality of the foregoing, failure of
10 the Company to complete the acquisition of the Industrial Build-
11 ing, the occurrence of any acts or circumstances that may con-
12 stitute failure of consideration, destruction of or damage to the
13 Industrial Building, commercial frustration of purpose, any
14 change in the tax laws of the United States of America or of
15 Maryland or any political subdivision or either of these, or any
16 failure of the County to perform and observe any agreement,
17 whether express or implied, or any duty, liability or obligation
18 arising out of or connected with this Agreement, except to the
19 extent permitted by this Agreement.

20 ARTICLE VI.

21 Affirmative Covenants

22 Section 6.1. Affirmative Covenants. Throughout the Loan
23 Term the Company shall:

24 (a) Maintenance of Existence. Preserve and maintain its
25 existence in good standing as a Maryland corporation and will
26 cause each of its subsidiaries to maintain its corporate existence
27 in good standing in the jurisdiction of its incorporation.

28 (b) Maintenance of Properties. Keep the Industrial Building
29 and all of its other properties and improvements, necessary in
30 the judgment of the Company to its business, in good working
31 order and condition, ordinary wear and tear excepted. The
32 Company shall make all replacements and repairs reasonably

1 required to insure the foregoing.

2 (c) Compliance with Applicable Laws. Comply with the
3 requirements of all applicable laws, rules, regulations, and
4 orders of any governmental authority, a breach of which would
5 materially and adversely affect (i) the financial condition of
6 the Company, or (ii) the ability to use the Industrial Building
7 for the purposes for which it was designed, except where con-
8 tested in good faith and by proper proceedings, provided that in
9 the sole opinion of the Bank as agent for the holder of the Bond
10 the security for the Loan will not be impaired during the period
11 it is so contested.

12 (d) Litigation. Promptly give notice in writing to the
13 County and the Bank as agent for the holder of the Bond of all
14 litigation and of all proceedings before any governmental or
15 regulatory agencies affecting the Company which, if adversely
16 determined, would materially adversely affect (a) the financial
17 condition of the Company, or (b) the Company's use of the Indus-
18 trial Building for the purposes for which it was designed.

19 (e) Taxes and Claims. Pay and discharge and cause each of
20 its subsidiaries to pay and discharge, all taxes, assessments and
21 governmental charges or levies imposed upon any of them on their
22 income or properties prior to the date on which penalties attach
23 thereto, and all lawful claims which, if unpaid, might become a
24 lien or charge upon such properties (including the Industrial
25 Building) to such an extent as to materially adversely affect the
26 Company's ability to use such properties for the purposes for
27 which they were designed, provided that the Company shall not be
28 required to pay any such tax, assessment, charge, levy or claim,
29 the payment of which is being contested in good faith and by
30 proper proceedings.

31 (f) Insurance. Maintain, and cause each of its subsidiaries
32 to maintain, insurance with responsible insurance companies on

1 such of their properties, including the Industrial Building, in
2 such amounts and against such risks as is customarily maintained
3 by similar businesses operating in the same vicinity, and with
4 respect to the Industrial Building, in such amounts and against
5 such risks as required by the provisions of the Deed of Trust and
6 the Trust Agreement. The Company shall file, and cause each of
7 its subsidiaries to file, with the Bank as agent for the holder
8 of the Bond upon its request a detailed list of the insurance
9 then in effect, stating the names of the insurance companies, the
10 amounts and rates of the insurance, dates of the expiration
11 thereof and the properties and risks covered thereby; and, within
12 30 days after notice in writing from the holder of the Bond, or
13 the Bank as agent for the holder of the Bond, obtain, such addi-
14 tional insurance as the holder of the Bond, or the Bank as agent
15 for the holder of the Bond, may reasonably request. If the
16 Industrial Building is located in an area which shall at any time
17 be designated as a special flood hazard area, the Bank as agent
18 for the holder of the Bond must be furnished with a flood
19 insurance policy in the amount of the Loan or the maximum line
20 of coverage available on the Industrial Building, whichever is
21 less. If the Industrial Building is not located in a special
22 flood hazard area, the Company shall furnish to the Bank as agent
23 for the holder of the Bond, upon its request from time to time, a
24 signed statement to that effect from its insurance agent or
25 broker.

26 (g) Financial Statements. Furnish to the Bank as agent for
27 the holder of the Bond and to the holder of the Bond (i) as soon
28 as available but in no event more than 45 days after the end of
29 each quarter, consolidated and consolidating balance sheets of
30 Inland Oil and its subsidiaries (including the Company and Leidy)
31 as of the close of such period and consolidated statements of net
32 sales, cost of goods sold, pre-tax earnings, and of dividends and

1 other withdrawals as of the close of such period, certified by a
2 financial officer of Inland Oil and of the Company and accompanied
3 by a certificate of the financial officer of the Company stating
4 whether any event has occurred which constitutes an event of
5 default hereunder or which would constitute such an event of
6 default with the giving of notice or the lapse of time, or both,
7 and, if so, stating the facts with respect thereto; (ii) as soon
8 as available but in no event more than 120 days after the close
9 of each fiscal year of Inland Oil and its subsidiaries (including
10 the Company and Leidy), a copy of the annual audit report in
11 reasonable detail satisfactory to the Bank as agent for the
12 holder of the Bond relating to Inland Oil and its subsidiaries
13 (including the Company and Leidy), prepared in accordance with
14 generally accepted accounting principles by independent certified
15 public accountants satisfactory to the Bank as agent for the
16 holder of the Bond, which report shall include consolidated and
17 consolidating balance sheets of Inland Oil and its subsidiaries
18 (including the Company and Leidy), as of the end of such fiscal
19 year and consolidated statements of net sales, cost of goods
20 sold, pre-tax earnings and of dividends and other withdrawals for
21 such fiscal year, and a copy of the management letter delivered
22 to Inland Oil by the accountants who prepared the annual audit
23 report relating to Inland Oil and its subsidiaries; and (iii)
24 such additional information, reports or statements as the Bank as
25 agent for the holder of the Bond or the holder of the Bond may
26 from time to time reasonably request.

27 ARTICLE VII.

28 Negative Covenants

29 Section 7.1. Negative Covenants - Mergers and Disposition of
30 Assets. Throughout the Loan Term the Company shall not, without the
31 prior written consent of the holder of the Bond, enter into any
32 merger or consolidation, except a merger or consolidation in which

1 the Company is the surviving corporation, or acquire all or substan-
2 tially all the assets of any person, firm, joint venture or corpo-
3 ration, or sell, lease, or otherwise dispose of any of its assets
4 except in the ordinary course of its business or as herein speci-
5 fically provided, or permit any subsidiary so to do. (Notwithstand-
6 ing the foregoing, the Company, Inland Oil, and/or Leidy may enter
7 into any merger of one of them into another, consolidation, reorga-
8 nization or intercorporate transfer of stock between such corpora-
9 tions provided it notifies the Bank as agent for the holder of
10 the Bond at least 10 days prior to the effective date thereof.)

11 ARTICLE VIII.

12 Damage and Condemnation;
13 Application of Net Proceeds

14 Section 8.1. Damage, Destruction and Condemnation. Unless
15 the payments required to be made pursuant to Section 5.3 hereof
16 shall have been accelerated pursuant to the provisions of Section
17 11.2(a) hereof, or the Company shall have become obligated pur-
18 suant to Article XII hereof to prepay such amounts, if prior to
19 full payment of the Bond (i) the Industrial Building or any
20 portion thereof is damaged by fire or other casualty or is
21 destroyed (in whole or in part) or (ii) title to, or the use of,
22 the Industrial Building or any part thereof or the interest of
23 the Company in the Industrial Building or any part thereof shall
24 be taken under the exercise of the power of eminent domain by any
25 governmental body or by any person, firm, or corporation acting
26 under governmental authority, either temporarily or permanently,
27 the Company shall be obligated to continue to pay the amounts
28 specified in this Agreement, and the Company will cause the Net
29 Proceeds resulting from any event described in this Section 8.1
30 to be applied, in a manner approved by and satisfactory in all
31 respects to the Bank as agent for the holder of the Bond, to the
32 prompt repair, restoration, relocation, modification or improve-

1 ment of the Industrial Building by the Company.

2 Section 8.2. Insufficiency of Net Proceeds. If the Net
3 Proceeds are insufficient to pay in full the cost of any repair,
4 restoration, relocation, modification or improvement referred to
5 in Section 8.1, hereof, the Company will nonetheless complete the
6 work and will pay any costs of such work in excess of the amount
7 of the Net Proceeds.

8 ARTICLE IX.

9 Special Covenants and Provisions

10 Section 9.1. No Warranty of Condition or Suitability by
11 the County. The County makes no warranty, either express or
12 implied, as to the condition of the Industrial Building or any
13 part thereof, or that the Industrial Building will be suitable
14 (including, without limitation, zoning and availability of
15 utilities) for the Company's purposes or needs.

16 Section 9.2. Right of Access to the Industrial Building.
17 The Company agrees that the County, the Bank as agent for the
18 holder of the Bond, the holder of the Bond and their duly authorized
19 agents shall have the right at all reasonable times to enter upon
20 the Industrial Building and the land appurtenant thereto to
21 examine and inspect the Industrial Building and to enforce any
22 remedies in the event of a default under this Agreement.

23 Section 9.3. County and Company Representatives. The
24 Company and the County, respectively, shall designate, in the
25 manner prescribed in Article I hereof, the Authorized Company
26 Representative and the Authorized County Representative. In the
27 event that any person so designated and his alternate or alter-
28 nates, if any, should become unavailable or unable to take any
29 action or make any certificate provided for or required in this
30 Agreement, a successor shall be appointed in the same manner.
31 Whenever under the provisions of this Agreement the approval of
32 the County or the Company is required, or the County or the

1 Company is required to take some action at the request of the
2 other, such approval or such request shall be given for the
3 County by the Authorized County Representative, and for the
4 Company by the Authorized Company Representative; and the other
5 party hereto, the Bank as agent for the holder of the Bond and
6 the holder of the Bond are authorized to rely upon any such
7 approval or request, and neither party hereto shall have any
8 complaint against the other nor against the Bank as agent for the
9 holder of the Bond or the holder of the Bond as a result of any
10 such reliance.

11 Section 9.4. Further Assurances and Corrective Instruments.

12 The County and the Company agree that they will, from time to
13 time, execute, acknowledge and deliver or cause to be executed,
14 acknowledged and delivered, such supplements hereto and such
15 further instruments as may reasonably be required for carrying
16 out the intention of the parties to, or facilitating the per-
17 formance of, this Agreement.

18 Section 9.5. Covenants with Respect to Use of Bond Proceeds.

19 The County is issuing the Bond with the intention that the
20 interest on the Bond be and remain free from federal income
21 taxation and is covenanting with the holder of the Bond that it
22 (i) will make no use of the proceeds of the Bond which, if such
23 use had been reasonably expected on its date of issuance, would
24 have caused the Bond to be an "arbitrage bond" within the meaning
25 of Section 103(c) of the Code as in effect at the time of such
26 issuance, and (ii) will comply to the extent applicable with the
27 requirements of Section 103(c) of the Code. To that end the
28 Company covenants with the County for the benefit of the holder
29 of the Bond that it (i) will make no use of the proceeds of the
30 Bond which, if such use had been reasonably expected on its date
31 of issuance, would have caused the Bond to be an "arbitrage bond"
32 within the meaning of Section 103(c) of the Code as in effect at

1 the time of such issuance, and (ii) will comply to the extent
2 applicable with the requirements of Section 103(c) of the Code.
3 The Company will not (a) take any action, (b) fail to take any
4 action, or (c) make any use of the Industrial Building or the
5 proceeds of the Bond, which would cause the interest on the Bond
6 to be or become subject to federal income taxes in the hands of
7 the holder of the Bond.

8 Section 9.6. Modification of the Industrial Building by
9 Company. Subject to the representations and warranties contained
10 in Section 3.2 hereof, the agreements contained in Section 4.1
11 hereof, and the covenants set forth in Section 9.5 above, the
12 Company may, from time to time, and at its own expense, install
13 additional property or otherwise improve, alter, or replace the
14 Industrial Building with property of equal or greater value.

15 Section 9.7. Restriction on Transfer and Encumbrance of
16 Industrial Building by Company. The Company agrees that it
17 will not, during the Loan Term, sell, assign, lease (other than
18 leases to Inland Oil and Leidy), transfer, convey or otherwise
19 dispose of the Industrial Building (including the land appurtenant
20 thereto more particularly described in Schedule A attached to the
21 Deed of Trust) or any portion thereof nor create or suffer to
22 exist any lien or encumbrance upon the Industrial Building during
23 the Loan Term, without the prior written consent of the holder of
24 the Bond.

25 Section 9.8. No Pecuniary Liability. The Act prescribes,
26 and the parties intend that by reason of making this Agreement,
27 by reason of the issuance of the Bond, by reason of the perfor-
28 mance of any act required of it by this Agreement, or by reason
29 of the performance of any act requested of it by the Company, no
30 indebtedness or charge against the general credit or taxing
31 powers of the County within the meaning of any constitutional or
32 charter provision or statutory limitation shall occur or shall

1 ever constitute or give rise to any pecuniary liability of the
2 County. Nevertheless, if the County shall incur any such pecuni-
3 ary liability, then in such event the Company shall indemnify and
4 hold the County harmless therefrom.

5 Section 9.9 No Liability to Third Parties. Throughout the
6 Loan Term, no person or entity contracting with the Company with
7 respect to the Industrial Building shall be reimbursed by the
8 County under any circumstances whatsoever. The County's issuance
9 of the Bond and loan of the proceeds thereof to the Company shall
10 in no way be construed as obligating the County in any way to any
11 person or entity for the payment of any expense incurred with
12 respect to the Industrial Building.

13 ARTICLE X.

14 Assignment and Prepayment

15 Section 10.1. No Assignment by Company. This Agreement
16 may not be assigned by the Company without the prior written
17 consent of the holder of the Bond.

18 Section 10.2. Assignment by County. The County has, simul-
19 taneously with the delivery of this Agreement, by execution and
20 delivery of the Assignment, assigned all moneys due and to
21 become due to the County under this Agreement and all of the
22 County's right, title and interest in and to, and remedies
23 under, this Agreement, the Deed of Trust, and the Guaranty Agree-
24 ments of Leidy and Inland Oil to the Bank as agent for the holder
25 of the Bond as security for the payment of the principal of and
26 interest on the Bond and all sums payable under the Ordinance.
27 The Company agrees that it will make payment directly to the Bank
28 as agent for the holder of the Bond of all sums specified herein
29 as amounts payable or to become payable by the Company, other
30 than payments to be made to the County pursuant to the second
31 literary paragraph of Section 5.3 hereof and Sections 11.4, 13.2
32 and 13.9 hereof, notwithstanding any term of this Agreement or

1 the non-performance by the County of any obligation hereunder, or
2 any other matter or event whatsoever, including without limitation,
3 the bankruptcy, insolvency, liquidation or nonexistence of the
4 County, which might otherwise relieve the Company from the obligation
5 to pay such amount, and that the same shall be paid at the
6 respective times specified herein for the payment thereof, and
7 the receipt by the Bank as agent for the holder of the Bond of
8 such payments shall discharge the obligations of the Company to
9 the County hereunder to the extent thereof. The Company agrees
10 that no such payment shall be subject to any right of setoff,
11 counterclaim or any other defense which the Company may or might
12 now or hereafter have against the County, the Bank as agent for
13 the holder of the Bond, or the holder of the Bond, and that all
14 such payments shall be final, and the Company shall not seek to
15 recover from the Bank as agent for the holder of the Bond for any
16 reason whatsoever, any moneys paid by the Company to the Bank as
17 agent for the holder of the Bond by virtue of this Agreement or
18 the Assignment. The Assignment shall not impose on the Bank as
19 agent for the holder of the Bond any of the duties, liabilities,
20 or obligations of the County hereunder, but the Bank as agent for
21 the holder of the Bond shall acquire thereby all rights of the
22 County hereunder to collect and receive all sums payable here-
23 under, or amounts equal thereto, as are necessary to pay the Loan
24 in full and to constitute the Bank as agent for the holder of the
25 Bond the beneficiary of the obligations of the Company herein
26 contained.

27 Section 10.3 Prepayment of the Bond. Upon the payment of
28 any amounts due under Section 5.3 hereof or elsewhere in this
29 Agreement and if adequate provision has been made to assure that
30 money sufficient to effect prepayment will be on deposit with the
31 Bank as agent for the holder of the Bond on the date fixed for
32 prepayment (including any premium required under the Prepayment

Provisions), the County or the assignee under the Assignment, at the request at any time of the Company, and if the same is then subject to prepayment, shall forthwith take all steps that may be necessary under the Prepayment Provisions to effect prepayment of all or part of the then outstanding principal and unpaid accrued interest on the Bond, on the earliest prepayment date on which such prepayment may be made under the Prepayment Provisions.

Section 10.4. Reference to Bond Ineffective After Bond Paid. Except as provided in the third literary paragraph of Section 5.3 hereof, upon payment in full of the Bond and all fees and charges of the Bank, the Bank as agent for the holder of the Bond and the County, all references in this Agreement to the Bond shall be ineffective, and the holder of the Bond shall thereafter have no rights hereunder, saving and excepting those that shall have theretofore vested.

ARTICLE XI.

Events of Default and Remedies

Section 11.1. Defaults. It shall be an "event of default" under this Agreement if any of the following shall occur:

(a) Any representation or warranty made by the Company herein or any statement or representation made in any certificate, report or opinion (including legal opinions) delivered pursuant to this Agreement, the Trust Agreement (including requisitions for funds under Section 5.2 thereof), the Deed of Trust or the Guaranty Agreements shall prove to have been incorrect in any material respect when made or shall be breached; or

(b) Default shall be made by the Company in the payment of any amounts due under this Agreement when due and payable, whether at maturity, by obligation or election to prepay, or otherwise; or

(c) Default shall be made by the Company in the due observance or performance of any term, covenant or agreement contained

1 in Article VII of this Agreement; or

2 (d) Default shall be made by the Company in the due obser-
3 vance or performance of any other term, covenant or agreement
4 herein contained, which default shall remain unremedied for 30
5 days after written notice thereof shall have been given to the
6 Company by the Bank as agent for the holder of the Bond or by the
7 holder of the Bond; provided, however, if such default (other
8 than a default under any other paragraph contained in this
9 Section 11.1) be such that it cannot be corrected within 30 days,
10 it shall not be an event of default if the Company is taking
11 appropriate and diligent corrective action to cure the default
12 and if such default will not impair the security assigned to the
13 Bank as agent for the holder of the Bond; or

14 (e) Default shall be made by the Company in the due obser-
15 vance or performance of any term, covenant or agreement contained
16 in any document evidencing or securing any obligation of the Com-
17 pany to the Bank (other than its obligation under this Agreement
18 and the Assignment and under the Guaranty Agreement of the
19 Company) for the payment of borrowed money, which default shall
20 remain unremedied for 10 days after written notice thereof shall
21 have been given to the Company by the Bank; or

22 (f) Default shall be made by the Company with respect to one
23 or more other evidences of indebtedness or liabilities for borrowed
24 money in excess of \$25,000 in the aggregate (other than the obliga-
25 tions of the Company under this Agreement and the Assignment and
26 under the Guaranty Agreement of the Company and any obligations of
27 the Company to the Bank described in Section 11.1(e) above), if
28 such default or defaults shall remain unremedied for 30 days after
29 written notice thereof shall have been given to the Company by the
30 holders or obligees thereof or if such holders or obligees accele-
31 rate the maturity of their respective evidences of indebtedness or
32 liabilities; or if one or more such evidences of indebtedness or

1 liabilities of the Company for borrowed money in excess of
2 \$25,000 in the aggregate shall not be paid as and when due
3 and payable or within any applicable grace period unless such
4 liability or liabilities is or are being contested in good faith
5 by the Company and the Company shall have posted a bond for
6 such liability or liabilities in an amount satisfactory to the
7 Bank as agent for the holder of the Bond in its sole discretion;
8 or

9 (g) The Company or any subsidiary of the Company shall (i)
10 apply for or consent to the appointment of a receiver, trustee or
11 liquidator of itself or any of its property, (ii) admit in writing
12 its inability to pay its debts as they mature, (iii) make a
13 general assignment for the benefit of creditors, (iv) be adjudica-
14 ted a bankrupt or insolvent, or (v) file a voluntary petition in
15 bankruptcy, or a petition or an answer seeking reorganization or
16 an arrangement with creditors or to take advantage of any bank-
17 ruptcy, reorganization, insolvency, readjustment of debt, dis-
18 solution or liquidation law or statute, or an answer admitting
19 the material allegations of a petition filed against it in any
20 proceeding under any such law, or if corporate action shall be
21 taken by the Company, or any such subsidiary for the purposes of
22 effecting any of the foregoing, or (vi) by any act indicate its
23 consent to, approval or acquiescence in any such proceeding or
24 the appointment of any receiver of or trustee for the Company or
25 any subsidiary of the Company or any substantial part of its
26 property, or suffers any such receivership, trusteeship or pro-
27 ceeding to continue undischarged for a period of 30 days; or

28 (h) An order, judgment or decree shall be entered, without
29 the application, approval or consent of the Company, or any sub-
30 sidiary of the Company by any court of competent jurisdiction,
31 approving a petition seeking reorganization of the Company, or
32 any such subsidiary, or of all or a substantial part of the

1 assets of the Company, or any such subsidiary, or appointing a
2 receiver, trustee or liquidator of the Company or any such
3 subsidiary, and such order, judgment or decree shall continue
4 unstayed and in effect for any period of 30 days; or

5 (i) Any judgment or judgments against the Company, for any
6 amount in excess of \$25,000 in the aggregate, or any attachment
7 or attachments or other levy or levies against the property of
8 the Company with respect to a claim, remain unpaid, unstayed on
9 appeal, undischarged, unbonded or undismissed for a period of 30
10 days; or

11 (j) Default shall be made by the Company in the due obser-
12 vance or performance of any term, covenant or agreement contained
13 in its Guaranty Agreement, the Trust Agreement or the Deed of
14 Trust which shall remain unremedied for the applicable grace
15 period, if any, specified in its Guaranty Agreement, the Trust
16 Agreement or the Deed of Trust, respectively; or

17 (k) Default shall be made by Inland Oil and/or Leidy in the
18 due observance of any term, covenant or agreement contained in
19 their respective Guaranty Agreements, which default shall remain
20 unremedied for the applicable grace period, if any, specified
21 therein; or

22 Section 11.2. Remedies on Default. Whenever any "event of
23 default" described in Section 11.1 hereof shall have occurred and
24 be continuing:

25 (a) The Bank as agent for the holder of the Bond, or the
26 holder of the Bond, may, by written notice to the Company,
27 declare forthwith due and payable the principal of and interest
28 on the Loan and all other moneys payable hereunder, whereupon the
29 same will become forthwith due and payable, without protest,
30 presentment, notice or demand, all of which are expressly waived
31 by the Company.

32 (b) The Bank as agent for the holder of the Bond, or the

1 holder of the Bond, or the County, may from time to time take
2 whatever action at law or in equity may appear necessary or
3 desirable to collect the moneys payable by the Company hereunder
4 (whether then due or thereafter to become due), or to enforce
5 performance and observance of any obligation, agreement or
6 covenant of the Company under this Agreement.

7 Section 11.3 No Remedy Exclusive. No remedy herein
8 conferred upon or reserved to the County or the holder of the
9 Bond or the Bank as agent for the holder of the Bond is intended
10 to be exclusive of any other available remedy or remedies, but
11 each and every such remedy shall be cumulative and shall be in
12 addition to every other remedy given under this Agreement or now
13 or hereafter existing at law or in equity or by statute. No
14 delay or omission to exercise any right or power accruing upon
15 any default shall impair any such right or power or shall be
16 construed to be a waiver thereof, but any such right or power may
17 be exercised from time to time and as often as may be deemed
18 expedient. In order to entitle the County, the holder of the
19 Bond or the Bank as agent for the holder of the Bond to exercise
20 any remedy reserved to them in this Article, it shall not be
21 necessary to give any notice, other than such notice as may be
22 herein expressly required. Such rights and remedies as are given
23 the County hereunder shall also extend to the Bank as agent for
24 the holder of the Bond, and the Bank as agent for the holder of
25 the Bond and the holder of the Bond, subject to the provisions of
26 the Ordinance, shall be entitled to the benefit of all covenants
27 and agreements herein contained.

28 Section 11.4. Agreement to Pay Attorney's Fees and Expenses.
29 In the event the Company should default under any of the provisions
30 of this Agreement, and the County or the Bank as agent for the
31 holder of the Bond or the holder of the Bond shall hire attorneys
32 or incur other expenses for the collection of the payments due

1 hereunder or the enforcement or performance or observance of any
2 obligation or agreement on the part of the Company herein contained,
3 the Company agrees that it will on demand therefor pay to the
4 County, the Bank as agent for the holder of the Bond, and the
5 holder of the Bond the reasonable fees of such attorneys and such
6 other reasonable expenses incurred by the County, the Bank as
7 agent for the holder of the Bond, or the holder of the Bond.

8 Section 11.5. No Additional Waiver Implied by One Waiver.
9 In the event any term, covenant or agreement contained in this
10 Agreement shall be breached by either party and thereafter
11 waived by the other party, such waiver shall be limited to the
12 particular breach hereunder.

13 ARTICLE XII.

14 Prepayment.

15 Section 12.1. Optional Prepayment. The Company shall have
16 the right upon three Banking Days' prior written notice to the
17 County and the Bank as agent for the holder of the Bond and the
18 holder of the Bond, to prepay the moneys due hereunder in whole
19 or in part at any time, provided that (i) each partial prepayment
20 shall be in the amount of \$10,000 or a multiple thereof, (ii)
21 interest on the amount prepaid accrued to the prepayment date,
22 shall be paid on such prepayment date, and (iii) each partial
23 prepayment shall be applied to the installments of principal due
24 hereunder in the inverse order of their payment dates. Such
25 prepayment shall be without premium or penalty.

26 Section 12.2. Mandatory Prepayment. The Company shall be
27 obligated to prepay the amounts due hereunder if, prior to the
28 expiration of the Loan Term and prior to the full payment of the
29 Bond, any of the following shall have occurred:

30 (a) As a result of any change in the Constitution of the
31 State of Maryland, or the Constitution of the United States of
32 America, or of legislative, administrative or judicial action

1 (whether State or Federal), this Agreement or the Ordinance shall
2 have become void or unenforceable or impossible of performance in
3 accordance with the intent and purposes of the parties as ex-
4 pressed in this Agreement or in the Ordinance;

5 (b) The Company's use and occupancy of the Industrial
6 Building for its intended purpose or any part thereof shall, in
7 the discretion of the Company, have been legally curtailed (as a
8 result of damage, destruction, condemnation or otherwise); or

9 (c) If, for any reason whatsoever, the interest payable on
10 the Bond is or becomes includible in the gross income (as defined
11 in Section 61 of the Code) of the holder of the Bond.

Public Service Employment Program

WORK STATEMENT

I. Philosophy

It shall be the intent of all components funded through this agreement to offer assistance to those most in need of employability services and most able to benefit from them. Though such clients may be representative of traditionally categorically labelled groups, negative labelling will not be continued as they become CETA clients and move toward unsubsidized employment. It shall instead be incumbent upon all contractors and subcontractors to be instrumental in helping employers to be less concerned with what a client has been and more concerned with what the client can become particularly as a result of services or training offered through CETA resources. It shall equally be incumbent upon all Subcontractors to assist enrollees in developing the skills necessary for self-reliance, particularly in relation to job search.

II. General Description of Services

A. Purpose

Section 99.1 of the CETA Regulations defines the purpose of the Title VI Public Service Employment Program as follows:

1. This program is intended to provide the level of funds needed to sustain enrollment under Title VI through Fiscal Year 1978 (September 30, 1978).
2. Provision is also made to shift emphasis toward serving persons who are long-term unemployed or AFDC recipients and whose families are 70% or less of the lower living standard income level.
3. Such long-term unemployed and AFDC recipients are to make up at least 50% of those hired in the program.
4. All program activity beyond what is required for sustaining Title VI enrollment will be in "projects and special activities." Such projects and activities will have only long-term unemployed and AFDC recipients as enrollees. Project shall mean a definable task or group of related tasks which will be completed within a definable time period, not exceeding one year; have a public service objective; result in a specific product or accomplishment; would otherwise not be done with existing funds.

B. Eligibility Criteria

- I Each participant must either be economically disadvantaged or be a member of a family which has a current total family income at or below 70% of the lower living standard income level (See Attachment A) and must be a person
 - a) Who is unemployed at the time of application and during the 20 weeks immediately prior to application has been receiving unemployment compensation for 15 or more weeks

or

- b) Who is unemployed at the time of application and during the 20 weeks immediately prior to application is ineligible for unemployment compensation and has been unemployed for 15 or more weeks.

or

- c) Who is unemployed at the time of application and was unemployed 15 of the 20 weeks immediately prior to application and who was first ineligible for unemployment compensation and then became eligible for and received unemployment benefits.

or

or

- e) Whose family is receiving Aid to Families with Dependent Children.

- C. Veterans recently separated from active duty are immediately eligible for Title VI projects and activities, including PSF without regard to AFDC, WIN, or unemployment criteria. Such veterans must meet the low income and residence requirement-- and must not have had full time permanent, unsubsidized employment between the date of separation and the date the veteran is to be interviewed. President Carter has established a national hiring goal of 35% for veterans. Each sub-contractor will be monitored to determine its emphasis on veteran recruitment and enrollment.

- D. One hundred percent of all participants enrolled in projects described in this contract must meet the newly defined eligibility criteria.

II. Program Administration

- A. The subcontractor will be responsible for providing administrative and staff support for the following requisite program functions:

1. Administration - coordination of all internal program activities as described herein (AA A-F, IV, V): coordination with prime sponsor central management units; preparation and submission of requisite reports.
2. Transitional Services - development of transitional plan for enrollees; including referrals and placement to unsubsidized merit system positions or in the private sector.
3. Client Services - providing counseling and support services for enrollees.

- B. Harford County will be responsible for utilizing funds in accordance with the enrollment and expenditure level described in the attached CETA monthly schedule. If expenditure and enrollment levels are less than 70% of the planned enrollment, corrective action will be recommended and could lead to prompt reallocation of funds to other subdivisions within the Consortium. Any final decision of such reallocation would rest with the Consortium in accordance with Federal guidelines. No reallocation action will be undertaken until at least 30 days from notification have elapsed to enable the subdivision to institute corrective action. In order to protect deobligation of funds from the Consortium to other areas by the Secretary of Labor under Section 606 of the Act, the Chief elected official of any such affected subdivision would be notified in writing when any corrective action or reallocation is under consideration.

areas by the Secretary of Labor under Section 606 of the Act, the Chief elected official of any such affected subdivision would be notified in writing when any corrective action or reallocation is under consideration.

C. Monitoring

It is the responsibility of the subcontractor to monitor the progress of each project on a monthly basis to ensure that the project is meeting the goals established in the description of impact section of the Project Request Form.

D. Verification of Eligibility

Harford County shall be liable for any payments made to participants determined to be ineligible during program audits or reviews or otherwise. The County may enroll, without prior verification, applicants who attest to their eligibility. Within 60 days of these participants' enrollment, written verification of their eligibility must be obtained. Participants who are found to be ineligible shall be terminated immediately and the subcontractors shall not be liable for wages and benefits paid to these participants prior to the receipt of written verification (within 60 days of enrollment).

E. Participation in MMIS

1. The subcontractor will record all pertinent transactions by means of the MMIS. The policies and procedures (subject to periodic revision) stated in the Users' Manual are an enforceable part of this contract.
2. All MMIS forms will be completed and submitted in a timely and accurate manner. The subcontractor will designate a specific staff person to review MMIS reports and update the records as indicated. This person will be responsible for informing MMIS of any omissions or errors in these reports on an MMIS Edit Listing.
3. The Prime Sponsor will train the subcontractor's staff in the use of the MMIS, as well as provide orientation to the comprehensive delivery system under CETA.

F. Projects and Activities

Each project must be described on a Projects Description Form (See attachment E and approved by the Harford County Designee to the Executive Committee and by the Administrator of the Consortium prior to implementation. The duration of such projects and activities is limited to one year. Work in projects must be over and above those services customarily provided by the local jurisdiction.

G. Recruitment, Enrollment and Selection Procedures

All PSE job orders will be listed on the Job Bank with a 48 hour hold for eligible disabled veterans, special veterans, and recently discharged veterans. Certification of eligibility for the program and referrals to available PSE positions will be the responsibility of the local Manpower Service Center. Each applicant will bring some form of identification verifying his address and in the case of veterans, a copy of the DD214 will be required.

H. Evaluation of Participants

Orientation, counseling and training of agency supervisors will be provided by the sub-contractor. Each participant shall be evaluated in writing at least once each six months by his immediate supervisor using the PSE Participants Progress Report. Any participant who received an evaluation indicating poor attendance or other problems will be counseled by subcontractor's staff with the goal of improving work performance.

I. Training

Employing agencies will be encouraged to provide job-related skill training for PSE participants as required. The prime sponsor may also offer supplementary training where indicated in consultation with the subcontractor. Workshops for special client groups may also be offered as part of the training effort.

2. 10% of the allocated funds may be used for administration, training, or support services to participants.

L. Project and Activity Report

As part of the Prime Sponsor's on-going efforts to document the achievements of Public Service employees, the subcontractor will have all worksites complete a Quarterly Project and Activity Report describing the accomplishments of the PSE enrollees (See attached sample forms).

7. PROJECT NARRATIVE

LIBER 4 PAGE 210

A. Nature and magnitude of the highway traffic safety problem to which project is directed:

The citizens, young and adult, are not sufficiently knowledgeable as to the necessity of using safety measures when they drive their bicycles, whether it be on a public highway, street or approved bikeway. Since the bicycle is a vehicle, they must be made aware that they are subject to the same motor vehicle laws as the motorists. Emphasis will also be placed on the upkeep or maintenance of bicycles, as statistics positively show that unsafe bikes and violations of the rules of the road cause the most accidents. There are currently approximately 25,000 school age children operating or capable of operating pedalcycles and untold numbers of adults that routinely utilize these vehicles. Each school year approximately 2,600 children enter the school system that are potential pedalcycle operators. There

B. Project objectives: are presently 33,800 children attending 38 schools in our County that encompasses 448 square miles with no bikeways or bike paths at the present time.

To reduce the hazards and the possibilities of bicycle accidents through orienting the citizens to sound pedalcycle safety basics. This will be accomplished by conducting bicycle safety programs through all County schools and present the bicycle safety program at the Department of Parks and Recreation's twenty-two summer recreation centers.

Through the purchase of film and applicable safety literature, training in proper safety procedures is demonstrated.

C. Accomplishments of project to date:

(To be answered only if request involves continuation of existing project being conducted under agreement with the Transportation Safety Division.)

Final report on Grant PS76-161-1-106 is not yet complete, however, a brief description of accomplishments, to date, follows:

Approximately 2,000 school-age children received training through workshops conducted at the Department of Parks and Recreation's summer recreation centers during the summer of 1976.

Approximately 3,000 school-age children received bicycle safety instruction through the form of film and literature in local Harford County Schools.

Many speaking engagements before local civic associations and groups were conducted in an effort to promote and support bicycle safety

throughout the County. Bicycle safety information was disbursed through all forms of public media - radio, newspapers, etc.

LIBER

4 PAGE 211

D. Activities that will be conducted to achieve project objective (please list and number major activities individually):

1. Maintain the services of a bicycle safety coordinator to administer the program.
2. Obtain pedacycle safety materials (films and literature) for distribution.
3. Organize and present the orientation program through the public school system and summer recreation centers.
4. Provide the program and/or materials to public agencies, interested groups and news media.
5. Maintain liaison with traffic law enforcement agencies.
6. Evaluate the impact of the orientation program on pedacycle safety improvements.

E. Method and basis that will be used to evaluate success of the project in achieving its objectives:

1. Maintenance and reporting of the number of individuals who actively participate in organized safety workshop orientations.
2. Comparison of current year traffic violation citations/warnings concerning pedalcycles with previous periods, and change trends, if any.
3. Comparison of current year's total pedalcycle fatalities, accidents and causes with previous periods, and change trends, if any.

F. If project activities will be continued beyond Fund Obligation Period (Item 5), please indicate planned source and amount of funds for such continuation:

Continuation of this program through voluntary services and possibly County funding will extend indefinitely, and if justified by the evaluation results, needed additional funds may be requested through the local Harford County budget process.

DIRECTOR OF ADMINISTRATION

Mr. William O. Whiteford

Bel Air, Maryland 21014

Dear Bill:

As you are well aware from discussions we have had, the Juvenile Master was requested by the Court to provide additional days to hear juvenile cases, which he agreed to do. This required, of course, an increase in compensation to be paid for his services in this capacity. The additional hearing dates began April 1, 1977.

In addition to the Juvenile Master having been required and agreeing to additional hearing dates each month, the Court Reporter serving the Court for this purpose also agreed to and has provided additional time for this purpose. For the budget year 1976/77, the Reporter makes no claim for the additional time since she was required to be out of service for an operation and a substitute reporter was paid in place of the time she might have been required to serve the Court.

The basis of the increased compensation was determined by Judge Higinbothom and myself and is shown by the relative schedule in the Court's proposed budget for 1977/78, sent to the County Executive. The County Executive cut the proposed amount for both the Master and the Court Reporter and sent it on to the Council which, as we both know, cannot increase the budget of the Executive. As a result, the adopted budget for the fiscal year contains the sliced compensation for both persons.

It is now necessary to request that the compensation of the Master and the Reporter be brought back to the proposed Court Budget figures. It is my understanding that the County Law Officer has discussed this with the Executive and that it will be necessary to initiate a bill for transfer of general funds to the Court's budget in order to provide for the agreed to compensation. The figure should also include the money due and owing the Master from the beginning of the period when he began to provide additional

hearing dates, April 1, 1977, which amounts to a total of \$1,666.64.

Will you therefore take the necessary steps in order to secure for the Master payment of compensation past due and that which will be due him for the additional hearing days he will provide for the next fiscal year, as well as the increase due the Court Reporter for the next fiscal year.

By all means we do not expect any item of the approved budget to be reduced in order to accomplish this end.

Sincerely,

Albert P. Close

MEMO TO: Mr. Roger Niles

FROM: Imogene B. Johnston
President of the Board
HARFORD OPERA THEATRE, Inc.

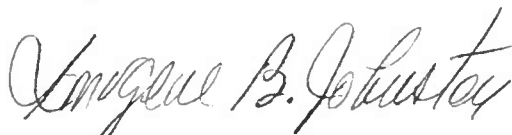

RE: Urgent request for supplemental appropriation
of \$5,000.

Loss of previous grant monies plus inflationary trends have precipitated a crisis that will prevent HARFORD OPERA from producing the final opera of this performing season unless immediate financial assistance is forthcoming.

This is an urgent plea for a supplemental appropriation of \$5,000 from the contingency fund, to help prevent the loss of a performing arts company that has enriched the cultural climate of Harford County and the surrounding area for fourteen years.

Fiscal and chronological information pertinent to this request is appended.

Your favorable consideration will be deeply appreciated.

HARFORD OPERA THEATRE *Crisis Data*REASONS FOR EXISTING CRISIS

Finished 1976 Season with \$43,000.00 deficit. Sustaining Fund Drive, launched October 1976 produced \$27,000.00. Ongoing expenses, though kept as minimal as possible, coupled with the cost of preparation for the 1977 Season, permitted only token reduction of deficit.

Advised January 1977 of \$10,000.00 reduction of grant from the National Endowment for the Arts.

Advised March 1977 of cancellation, by State Board of Community Colleges, of theatre workshop programs from which HARFORD OPERA THEATRE annually realized approximately \$6,000.00 worth of services from theatre trainees and \$5,000.00 in tuition grants for training them.

Forced to use portion of 1977 subscription money prior to Season opening to pay for opening preparation thus we had not enough reserve when cash flow, from box office, etc., became insufficient.

EFFORTS, BY BOARD OF DIRECTORS TO AVERT PRESENT CRISIS

1. January 1977-Reduced number of productions from five to four and made plea to subscribers to allow price of fifth opera to remain in form of a contribution-most did.

2. March 1977-Revised annual budget downward-slashed production portion to "bare bones" and reduced in all other possible areas. Arranged with additional music and voice students to contribute free time singing in the chorus.

Committee formed and plans made to begin Sustaining Fund Drive at close of 1977 Season-August, to be exact.

3. May 1977-Fund raising event "An Evening in New Orleans" sponsored by the Opera Guild produced a contribution of \$3,500 to the company. The Guild also initiated additional projects which are still producing funds albeit in much smaller amounts.

4. Currently-Appealing to all Board members for duplication of contributions made personally. Appealing to foundations and contributors of large sums to give in advance of the Sustaining Fund Drive scheduled for August. Both pleas have been very successful to date.

Appealing to businesses and corporations who have not previously given. Very tedious and time-consuming, and with low percentage of success.

Have deleted the Baltimore Symphony's services from the final production. Have reduced the stage sets to a bare minimum, using only materials on hand and recycled from previous sets.

Dear Dick,

Per phone conversation today, attached is copy of letter from AMTRAK advising that our application for Station Improvement has been approved. It still has to go through Amtrak's Board of Directors. Before this Board will review and approve this application they need an assurance from Harford County and Aberdeen that we guarantee our proper share of \$3625 each.

Remember the estimate is just that. The final bills could be somewhat higher but certainly it appears that Harford County and Aberdeen's share should not run more than \$4000 each.

We would appreciate a letter of commitment from the County as soon as possible so that this project can be finalized.

Thanks for your cooperation.

Very truly yours,

THE COMMISSIONERS OF ABERDEEN

The Commissioners of Aberdeen
P. O. Box 70
Aberdeen, Maryland 21001

Dear Mr. Wagman:

I am pleased to inform you that your application for funding under Amtrak's Joint Station Improvement Program has been approved. We will provide sixty percent of the total estimated cost of \$18,250, up to \$11,000. It is our understanding that the City of Aberdeen will contribute the difference as well as providing a caretaker to open and close the station.

In the near future we will send you a proposed contract for the work to be performed. If your City ordinances require any special provisions in the contract, please inform me as soon as possible. Mr. Doug Golden of our Northeast Corridor staff is available to provide you with further assistance. He may be reached at our Philadelphia Office, phone (215) 597-3783.

Although we envision no difficulties, the final grant award is conditional upon approval of Amtrak's Board of Directors. We look forward to working with you.

Sincerely,

Arthur Ziev

5 purposes.

29 to be constructed or improved requesting that said roads be taken
30 into the County road system. In the exercise of the powers
31 granted by this Section, the County, by proper law passed in
32 accordance with the provisions of Section 3 of Article 25 of the

77-78

AS AMENDED

1 Annotated Code of Maryland (1957 Edition, as amended from time to
2 time), may adopt all necessary rules and conditions for the
3 acceptance, construction and maintenance of such roads and/or
4 other authorized improvements by the County. Such ordinance
5 may also provide for annual benefit assessments to be levied
6 against the abutting properties and other properties benefited
7 by the construction or improvement, for the purpose of reimbursing
8 the County for the cost of such improvements and the time and manner
9 of payment, except that the time of payment may not exceed ten
10 (10) years. Annual benefit assessments shall be a first lien
11 upon the property against which they are assessed, until paid,
12 subject only to prior State and County taxes; and if any property
13 is sold for State and County taxes, and there remains a surplus
14 over the amount of the taxes due, the County, upon proper petition
15 to the Circuit Court, may be allowed the payment of their lien.

16 (b) Notice. For the purpose of giving notice to the
17 general public as to existing liens and charges against any
18 property for benefit assessments, the County shall keep a public
19 record of all names of property owners and the locations of said
20 property, and the amount of said benefit charges among the Land
21 Records of Harford County under the supervision of the Clerk of
22 the Circuit Court; and the recordation with said Clerk of said
23 benefit assessments shall be legal notice of such liens.

26 to the Treasurer of Harford County for collection from the

28 assessments to the State and County property tax bills for
29 collection by October 1 of each year without interest or discount;
30 and upon failure of payment of the benefit assessments, they may
31 be deducted from any surplus in the hands of the Treasurer after
32 a sale for nonpayment of State and County property taxes under

1 proper Order of the Circuit Court. In the alternative, the lien
2 created in favor of the annual benefit assessments may be enforced
3 by bill in equity or by action in personam.

4 (d) Petition. Before the powers granted by this Section to
5 the County shall be exercised, there shall first be presented to
6 them a petition by a majority of the property owners as here-
7 inbefore provided, requesting improvements, if monies are available;
8 public hearing upon the petition after ten (10) days' notice in a
9 newspaper regularly published in Harford County; approval of the
10 petition by the County; and the passage of an appropriate ordinance,
11 pursuant to the authority of this Section, setting forth the
12 improvements being proposed, the property owners directly affected,
13 and all material terms of the annual benefit assessments levied
14 to pay the cost of said improvements, or any reasonable portion
15 thereof, as determined by the County.

16 Section 18-3. Sidewalks.

17 (a) General Powers. The Director of the Department of
18 Public Works has full power to grade and regulate sidewalks along
19 all paved streets, lanes and alleys in Harford County.

20 (b) Notices. If the Director of the Department of Public
21 Works finds that any sidewalk or portion thereof is not properly
22 graded and paved or is in bad repair or otherwise in a defective
23 condition, he may in his judgment determine that it needs grading,
24 paving or repairing. In such case, the Director of the Department
25 of Public Works shall serve a written or printed notice on every
26 person whose property binds or abuts upon the sidewalk or portion
27 thereof which requires grading, paving, repaving or repairing.
28 In this notice he shall give all persons interested an opportunity
29 within fifteen (15) days after the date of the notice to show
30 cause if any why the sidewalk area should not be graded, paved or
31 repaired. If the owner of any property cannot be found by the
32 Director of the Department of Public Works, the notice shall be

77-78

AS AMENDED

1 conspicuously posted upon the premises where the sidewalk is
2 located.

3 (c) Appeals. Any person dissatisfied with the decision of
4 the Director of the Department of Public Works concerning the
5 necessity for grading, paving, repaving or repairing the sidewalk
6 area within ten (10) days after the date of the hearing before
7 the Director of the Department of Public Works may appeal to the
8 County Council. In such event the County Council shall hear the
9 appeal and its decision shall be final as to the necessity for
10 the work of grading, paving, repaving or repairing the sidewalk
11 area. If there is no appeal from the decision of the Director of
12 Public Works or if after appeal his decision is affirmed by the
13 County Council, the Director of Public Works shall have the
14 sidewalk area properly graded, paved, repaved or repaired; except
15 that the owner of the property then has the option of having the
16 work done himself with materials approved by the Director of
17 Public Works within thirty (30) days after the hearing held by
18 the Director of Public Works or after the decision of the County
19 Council, as the case may be. In either event, the work shall be
20 done under the supervision of the Director of Public Works and in
21 accordance with his specifications therefor, using the materials
22 and following the procedures usually followed in modern, improved
23 sidewalk paving.

24 (d) Delivery of Notice. The notice of the Director of
25 Public Works that the sidewalk area is in need of grading,
26 paving, repaving or repairing, required hereinabove by this
27 Section, may be left at any house on the land served by the
28 sidewalk or served personally upon the owner or upon one (1) of
29 the owners, tenants or agents; or a copy of the order may be
30 published in one (1) or more newspapers of general circulation in
31 Harford County; or posted and set up on the premises.

32 (e) Assessments. Upon the completion of any work done by
33 the County in grading, paving, repaving or repairing any

1 sidewalk area, the Director of Public Works shall record the fact
2 of such completion, the date thereof, and the total expense of
3 doing the work and giving the notice. This total expense shall
4 then be assessed against the abutting properties, in ratio to the
5 percentage of the total sidewalk area which fronts or abuts on
6 any respective portion of the total sidewalk area. The owner of
7 any such respective portion within fifteen (15) days thereafter
8 may appeal the special assessment to the County Council and the
9 County Council shall grant him a hearing on any such appeal. If
10 the Council in its discretion determines that the special assessment
11 was properly imposed and is a reasonable sum in relation to the
12 work performed, it shall report the special assessment to the
13 County Treasurer who shall proceed to collect it in the same
14 manner as taxes upon real estate are collected. The special
15 assessment shall be a lien upon the property and the County
16 Treasurer shall have the same remedies for its collection as are
17 provided for the collection of taxes upon real estate.

18 (f) Additional Remedy. In addition to the remedy provided
19 in Subsection (e), the County may recover the cost of the grading,
20 paving, repaving or repairing by suit or action at law from the
21 owner of any property against whom a special assessment is
22 levied.

23 Section 18-3. Disposal Sites.

24 (a) Acquisition. Harford County may acquire, maintain and
25 operate a tract of land or tracts or parcels of land for the
26 disposal of refuse, garbage, rubbish or any other matter to be
27 disposed of, and may construct, on some site or sites selected by
28 them, an incinerator or incinerators or other refuse disposal
29 plants and waste disposal centers for the disposal of refuse,
30 garbage, rubbish or any other matter. In the exercise of this
31 power, the County may:

32

77-78

10 (3) Employ such personnel as may be necessary or
11 desirable for the operation, maintenance or supervision of the
12 disposal areas or facilities.

13 (4) Acquire land, including rights-of-way or easements,
14 in fee simple or otherwise, as needed for the purposes of this
15 Section by purchase, gift, lease or condemnation.

16 (b) Agreements with Municipalities. The County is authorized
17 to enter into agreements and contracts with any incorporated
18 municipality for the purpose of disposing of the refuse, garbage,
19 trash or other matter collected within the incorporated municipality,
20 at any incinerator or plant operated under the provisions of this
21 Section.

22 (c) Construction of Section. The provisions of this

24 to any existing laws providing for the disposal of refuse,
25 garbage, rubbish or other matter.

27 (a) Harford County may provide for street lighting on
28 County roads. The funding for such lights may come from special
29 taxes or charges on the properties benefited by the lights. The
30 County Council shall levy and collect such taxes and/or charges
31 as it deems necessary to pay for the installation of such lights.

32

1 (b) The Department of Public Works and the Treasury
2 Department shall establish rules and regulations for the implementa-
3 tion of this Section.

MEMORANDUM

To: Robert A. Kreamer,
Deputy County Attorney

Roger C. Niles, Treasurer

Re: Bond Sale

I spoke with Steve Winter today, who indicated that there had to be a change in the Capital Budget, so that the Tollgate DPW Shop was changed to the Hickory DPW Shop. Steve indicated the amount of this transfer would be \$200,000.

He feels that the change in the Capital Budget as outlined above, must be introduced prior to the Bond ordinance being introduced, even if on the same night, and it must be passed prior to the Bond ordinance passing. I think this is the safest and most realistic way to do it. Would you please have the financial details to the Law Department by Thursday, or at the very latest, Friday of this week, so that we can prepare this necessary legislation.

I am forwarding a copy of this Memorandum to the County Executive for his information.

28 goods supplied or services rendered.

29 Section 11-18. Supplementary Appropriation.

30 (a) During any fiscal year, the Council, upon the
31 recommendation of the County Executive, may by law make additional

In order to generate reasonable price quotations for laundry service requiring the vendor to provide new uniforms at the start of the contract period, it is considered acceptable practice to enter into a contract for a minimum of two years. For the same reason (competitive pricing) vendors are reluctant to spend large sums for individual size uniforms, color coded by Department and personalized with individual name shields when the contract period is for less than a two year period.

The contract period for the award extends from October 1, 1977, through October 1, 1979.

Mr. F. Lee Hanlon
Executive Director
Harford County Commission on Aging

Bel Air, Maryland 21014

Dear Mr. Hanlon:

The Office on Aging has \$28,085 in General Funds which will be distributed to Title VII projects throughout the State and directly to the Meals on Wheels program for Baltimore City. These funds are to be used for home delivered meals. Using the latest census data giving the percentage of elderly poor (60 years of age and over) in Maryland by County and Baltimore City, we have determined the amount to be authorized for each sub-division.

Your net share is \$505.00.

1,870 of 28,085.

A home delivered meal is defined for this purpose as a meal for persons 60 years of age and over, who has been a participant in a Title VII project and has been homebound for at least three consecutive days or who is disabled and home bound and has a friend or relative available to take the meal to the person's home.

If there is an existing Meals on Wheels in your locality, this money should be used to contract with them if they are willing and have the capability to serve more elderly in need of such service.

The front page and applicable budget pages from the Title VII application are to be submitted for the above amount. Only those parts of the budget form that are applicable need to be sent to this office. Once we have received the application you will be issued an N.G.A. in the amount allocated to your jurisdiction.

1 but where the County is to do the installation, the same conditions
2 and procedures will be followed as in the case of all other private
3 property owners.

4 (b) General. All requests for water or sewer service
5 shall be filed with the Department, which shall review the request
6 and take such action as is required. Prior to incurring any
7 obligations or expending substantial efforts on behalf of any
8 request or project, the Department shall make a determination as
9 to the point in time when there will be adequate facilities and
10 capacity available to provide the service requested. If it is
11 determined by the Department that the project should be undertaken,
12 the Department shall so approve, if the project is APPROPRIATELY
13 shown in the Water and Sewer Plan or recommend an appropriate
14 amendment by the County Council to the Master Water and Sewer Plan
15 when the requested service is of the type or nature that must be
16 included in the Plan: WATER AND SEWER PLAN. OTHERWISE, WHEN
17 THE REQUESTED SERVICE IS OF THE TYPE OR NATURE THAT SHOULD BE
18 INCLUDED IN THE WATER AND SEWER PLAN, THE DEPARTMENT SHALL
19 RECOMMEND TO THE COUNTY COUNCIL AN APPROPRIATE AMENDMENT TO THE
20 PLAN.

21 (c) Health Department Recommendation. A recommendation
22 OR ORDER to provide public water or sewer service from the State
23 Department of Health and Mental Hygiene shall not be acted upon by
24 the County unless: AS FOLLOWS:

26 (1) IN THE CASE OF A RECOMMENDATION, THE COUNTY
27 SHALL REQUEST THE HEALTH DEPARTMENT TO STATE, WITH SPECIFICITY,
28 the exact conditions existing, the alternatives available to
29 correct the conditions, an analysis of the alternatives and a
30 conclusion stating the reasons why public service is the only
31 reasonable means of correcting or eliminating the conditions to be
32 alleviated.

1 (2) In the case of an order of the Health
2 Department, the County shall comply; but the Department of
3 Public Works may conduct its own analysis as provided for in
4 Subparagraph (1) above; and where Council approval is required;
5 forward the analysis to the Council. THE COUNTY SHALL COMPLY AS
6 REQUIRED BY LAW. HOWEVER, UPON RECEIPT OF THE ORDER, THE
7 DEPARTMENT OF PUBLIC WORKS SHALL IMMEDIATELY CONDUCT THE ANALYSIS
8 PROVIDED FOR IN SUBPARAGRAPH (1) ABOVE; AND, WHERE COUNCIL
9 APPROVAL FOR THE PROJECT OR FUNDING IS REQUIRED, FORWARD THE
10 ORDER AND ANALYSIS TO THE COUNCIL. THE COUNTY AND COUNCIL
11 ATTORNEYS SHALL ENSURE THAT APPROPRIATE APPEALS ARE TIMELY FILED.

12 (d) Developer Initiated Projects. Projects to provide
13 service to proposed or approved developments or subdivisions
14 shall be installed at the expense of the developer in accordance
15 with the rules, regulations and specifications adopted by the
16 Department. Where the County's basic facilities are such that
17 service cannot be provided to a particular development or
18 subdivision, if adequate capacity to serve is available, the
19 developer may, if a public works agreement is properly executed
20 and the project is included in the Water and Sewer Plan, construct
21 the basic facilities at his own UNREIMBURSABLE expense, in accordance
22 with the rules, regulations and specifications of the Department,
23 and convey the facilities to the County. The County may purchase
24 rights-of-way, easements or fee simple title to land for the
25 facilities and be reimbursed by the developer if the project is
26 properly provided for in the capital budget and Water and Sewer
27 Plan. Where developers request the County to install lateral
28 lines; the procedure provided for in Subparagraph (e) of this
29 Section shall be followed:

30 (e) Petitioned Service. All requests for water or
31 sewer service by individual property owners shall be written and
32 accompanied by and include a statement that obligates all owners

1 individually and jointly and the property to be serviced to pay
2 all expenses incurred by the County pursuant to the request if
3 the requested service is provided. Such expenses will become
4 part of the total project cost. An owner filing a petition
5 requesting service must sign an affidavit stating that all fee
6 simple owners of that property have signed the request; otherwise,
7 the request will not be considered valid.

8 (1) Where all of the owners of all of the properties
9 that will be serviced, if a request is honored, sign a request
10 and obligate themselves to pay for the costs incurred by the
11 County, to provide requested services, an advertised public
12 hearing to determine if the project will be undertaken is not
13 required.

14 (2) Where less than all of the owners of all of
15 the properties that will be serviced, if a request is honored,
16 sign a request and obligate themselves to pay for the costs
17 incurred by the County, an advertised public hearing to determine
18 if the project will be undertaken shall be held by the Council.
19 Notice of the public hearing shall be sent to the persons who have
20 signed the request, those persons listed as co-owners who have not
21 signed the request, and, for other properties to be serviced,
22 notice will be sent to those persons listed as owners in the tax
23 records of the County for the purpose of collections and payment
24 of taxes and to the persons who last paid the taxes on the property.
25 Failure to notify personally shall not invalidate any Council
26 decision.

27 (A) The public hearing shall be advertised,
28 and, where required, notice given as a proposed amendment to the
29 Water and Sewer Plan.

30 (B) At the public hearing, the Department
31 shall present the property owner's written request, his preliminary
32 analysis of the request, the estimated costs of providing the

1 service, a recommended method of assessment that, in their ITS
2 opinion, will provide the most equitable division of the cost of
3 the project, and any other data considered pertinent by the County.

4 (C) If the Council is of the opinion that the
5 service can and should be provided, an amendment to the Water and
6 Sewer Plan shall be adopted if required. The Council shall also
7 adopt legislation; the method of assessment to be utilized in
8 assessing the properties that are serviced.

9 (D) Where the properties are to be assessed,
10 the procedures provided for in Section 24-26 shall be followed.
11 Section 24-7. Responsibility for Construction, Operation,
12 Maintenance and Control of Water Supply and Sewerage Systems.

13 (a) The Director shall be responsible for the construction
14 operation and maintenance of all public water supply and sewerage
15 systems of the County.

16 (b) The Director shall be responsible for and shall
17 have control of all construction of all capital projects for all
18 public water supply and sewerage systems of the County.

19 (c) All water supply and sewerage systems constructed
20 in the County shall be constructed in the manner prescribed by law
21 and rules and regulations as adopted by the Department.

22 (d) All private water supply and sewerage systems in
23 the County shall be constructed; operated and maintained in the
24 manner required by law.

25 Section 24-8. Construction. All construction, INCLUDING
26 MODIFICATIONS OR EXTENSIONS OF EXISTING SYSTEMS, of water supply,
27 sewerage and drainage facilities within the County shall be in
28 accordance with the applicable specifications, rules and regula-
29 tions of the Federal, State and County Governments.

30 (a) All construction by private persons, firms or
31 corporations shall be inspected and approved by the County prior
32 to its being connected to the County system. All construction

1 shall be in accordance with the approved permits, plans and
2 specifications, but may be modified with the written approval of
3 the Director or his designee. The Director shall require such
4 security as may be necessary to insure the completion of the
5 construction work in accordance with approved plans, specifications,
6 rules and regulations.

7 (b) Construction by the County shall be completed in
8 accordance with approved plans and established specifications,
9 rules and regulations. No project construction shall be initiated
10 until monies are available to complete the project; except in
11 the projects funded by grant monies. Construction by the County
12 may be accomplished by County employees or by persons, firms or
13 corporations who have been properly awarded a contract under
14 existing laws, rules and regulations.

15 (c) All construction undertaken by the County under a
16 contract with a private person, firm or corporation, shall have
17 established by the Director a period of time, not to exceed twelve
18 (12) months AFTER CONSTRUCTION IS COMPLETED, within which all
19 costs to be charged to the construction shall be filed with the
20 Department. If such costs are not filed within the prescribed
21 time period, the costs will not be paid by the County.

22 (d) After the Director certifies the costs of each
23 contract or project, the Treasurer, in cooperation with the
24 Director, shall determine the total cost of each project or
25 contract. Where a contract or project is to be amortized by
26 assessments against private property, the assessment shall be
27 established in accordance with Section 24-26. The Director shall
28 keep such records as may be required to make a proper determina-
29 tion of the assessment to be charged.

30 Section 24-9. Construction of Community or Multiple Use System
31 OR WASTEWATER TREATMENT DEVICE.

32 (a) No community or multiple use sewerage, water supply

1 or drainage system OR WASTEWATER TREATMENT DEVICE, or extension or
2 modification thereof, may be constructed by any private owner or
3 have the capacity increased without the prior approval of the
4 Council.

5 (b) Allowing the construction of community or multiple
6 use systems OR WASTEWATER TREATMENT DEVICE is discretionary.
7 Community or multiple use systems OR WASTEWATER TREATMENT DEVICE
8 may be constructed only if the following criteria REQUIREMENTS
9 are met:

10 (1) The Council approves of the planned construction
11 by placing the requested system in the County Water and Sewer Plan
12 by map and textual amendment after the required procedures for
13 such approval are completed.

14 (2) The system is in an area that will receive
15 services by the County within ten (10) years of the date the
16 request is filed or the existing residents of the area have been
17 ordered to correct an existing health hazard and construction of a
18 community or multiple use system is the most economical method of
19 correcting the causes of the hazard.

20 (3) All necessary permits are obtained.

21 (4) The system is constructed under the inspection
22 of the Department in accordance with the plans and specifications
23 approved by the Director or his designee.

24 (5) Upon completion AND ACCEPTANCE BY THE COUNTY
25 of the system A TREATMENT PLANT, it shall be conveyed to and made
26 a part of the system of Harford County at no cost to the County.

27 (6) The system shall comply with all State and
28 County Health Department regulations and Department regulations
29 pertaining to the planning, construction, maintenance and opera-
30 tion of such system.

31 (7) The users of the system shall pay for the cost
32 of operation and maintenance of the system at a rate to be set by

1 the Council. The Treasurer shall, upon the advice of the Director,
2 make recommendations to the Council as to the rate required.

3 (8) The Developer shall pay an area connection
4 charge for each unit/property that is to receive the service.

5 (9) Each and every property located in the development
6 for which a permit is or has been issued for an individual water
7 supply or sewerage system, or both, shall be required to connect
8 to the community or multiple use system as hereinbefore provided
9 FOR BY LAW, for connections to public systems.

10 (10) All payments, with the exception of the water
11 or sewer use charges, shall be paid prior to the issuance of any
12 building permit for the construction of each unit.

13 (11) The system shall be maintained and operated by
14 the Department.

15 (12) Use charges for maintenance and operation of
16 each system may vary from other systems.

17 (13) It is the policy of the County that all such
18 systems be constructed by the developer or property owners at
19 their own expense; however, in the event that County bond funds
20 are utilized in the construction of all or part of the interim
21 community or multiple use system, a bond amortization assessment
22 shall be levied on the properties benefited by the system.

23 (14) UPON DRASTIC DELOADING OF EXISTING SEWER
24 (TRANSMISSION AND/OR PUMPING) FACILITIES THAT ADJOIN AND/OR ABUT
25 A DEVELOPER'S PROPERTY, A DEVELOPER MAY CONSTRUCT A WASTEWATER
26 TREATMENT DEVICE AT A LOCATION APPROVED BY THE COUNCIL. THE
27 FOREGOING IS IN CONFORMITY WITH THE EXISTING COUNTY POLICY OF
28 ENCOURAGING THE MAXIMUM UTILIZATION OF EXISTING COUNTY SEWER
29 TRANSMISSION AND TREATMENT FACILITY(S).

30 Section 24-10. Obstructions.

31 (a) Upon reasonable notice from the Department, all
32 individuals, firms or corporations having buildings, conduits,

1 cables, wires, pipes, tracks, poles or other structures or
2 obstructions in, on, over, under or through any public road, street,
3 way, highway or right-of-way thereof, which blocks or impedes the
4 construction or establishment of public water supply, sewerage or
5 drainage systems, or other works, shall upon due notice promptly
6 shift, adjust, accommodate or remove the structures or obstructions
7 as necessary to meet the exigencies occasioning such action;
8 provided; however; that the cost of such changes shall be borne by
9 the County: EXCEPT AS MAY OTHERWISE BE REQUIRED BY LAW OR AGREEMENT
10 WITH THE COUNTY, THE COST OF SUCH CHANGES SHALL BE BORNE BY THE
11 INDIVIDUAL, FIRM, OR CORPORATION REQUIRED TO MOVE THE STRUCTURE
12 OR OBSTRUCTION.

13 (b) Except for emergency and routine maintenance and
14 repairs before any public service corporation, firm or individual
15 begins excavation or construction in any County public street,
16 road, way, highway or right-of-way thereof, they shall file with
17 the Department and receive approval of the plans for such work and
18 construction showing the location and depth in such street, road,
19 way, highway or right-of-way thereof of the proposed main, conduit,
20 pipe or other structure. Construction or work shall not begin
21 until the plan is approved by the Department nor shall any change
22 be made in the approved plan or in the work or construction as
23 shown by the plan, except on further approval of the Department.
24 Minor changes may be made during construction, but the Department
25 shall be notified of all of the minor changes, after construction
26 is completed. Prior to performing routine maintenance and repairs,
27 the corporation, firm or individual shall notify the Department,
28 which shall immediately determine if the maintenance or repairs
29 are a threat to the existing or planned systems. If road repairs
30 are planned in the area that the maintenance or repairs are to be
31 performed, the Department and corporation, firm or individual
32

1 shall coordinate their work to prevent a recently repaired road
2 from being disturbed for subsurface repairs or maintenance.

3 (c) Whenever any main, conduit, cable, wire, pipe or
4 other structure is installed without the filing of plans with the
5 Department and the approval thereof by it, or when any unapproved
6 change is made in the location of the main, conduit, pipe, cable,
7 wire or other structure as shown upon the plans approved by the
8 Department or any approved change therein, and when it is determined
9 that such conduit, main, pipe, cable, wire or other STRUCTURE
10 INTERFERES WITH THE CONSTRUCTION OR OPERATION OF THE County water
11 or sewerage system or other works, the Department may upon
12 reasonable notice to the owner remove the conduit, main, pipe,
13 cable, wire or other structures, or change the location thereof at
14 the cost and expense of the parties who installed or constructed
15 them, or their heirs, assigns, or successors in interest without
16 any liability upon the part of the County for damage that might be
17 done to the same by reason of the County's actions or operations
18 in constructing and maintaining its water supply, sewerage or
19 drainage systems or other public works.

20 Section 24-11. Connections.

21 (a) All connections to the County water supply, sewerage
22 and drainage systems shall be made in accordance with this Chapter,
23 the County plumbing code and other established rules, regulations
24 and laws.

25 (b) Whenever any public water or wastewater lateral or
26 drainage system is ready for the delivery of water or the reception
27 of wastewater or drainage, every abutting property owner shall be
28 notified that he may now connect to the system and that all
29 abutting property shall be assessed for the cost of construction
30 and shall be required to pay an area connection charge within six
31 (6) months of the date of the notice. However, if the Director or
32 County Health Officer shall find that any drainage or any dry

1 well, privy, vault or well for household purposes shall constitute
2 a nuisance or a menace to health or safety, the County shall
3 require immediate connection to the public water, wastewater or
4 drainage system. If any person shall fail to make a connection as
5 required by this Section, the County, upon written notice to the
6 property owner, shall charge the property owner(s) the existing
7 costs of connecting to the County's system and bill the owner(s)
8 and property the flat rate charge for water and/or sewer use as
9 established by law for unmetered sewer/water use. The Director
10 shall forthwith request the County Attorney to institute
11 appropriate legal proceedings to insure compliance with this
12 requirement.

13 (c) When a connection is made, the property owner shall
14 make a connection of all spigots or hydrants, toilets and waste
15 drains with the public water or wastewater lateral and no cesspool,
16 septic tank, dry well, privy, vault or well for household water
17 purposes shall be used or maintained on the property and no cross-
18 connection of any kind shall be permitted.

19 (d) Compulsory connection to private COMMUNITY sewerage
20 system. Whenever there is any community that does not have adequate
21 facilities for the disposal of wastewater and the Director deems
22 it inexpedient to construct a publicly owned sewerage system, as
23 provided by law, and there is or may be constructed or maintained
24 by private enterprise a wastewater system or disposal plant for
25 public use, the Director shall investigate the sewerage problem.
26 If after due notice to all persons who may be directly affected by
27 the actions of the Director; and an opportunity to be heard at a
28 A COMPULSORY CONNECTION TO A PRIVATE COMMUNITY SEWERAGE SYSTEM
29 AND AN OPPORTUNITY FOR THOSE PERSONS TO BE HEARD AT A public
30 hearing, the Director determines that the conditions in such
31 community are such as to be dangerous to public health, safety or
32 general welfare of the County; then it shall be the duty of the

1 Director to issue an order directing the owners or occupants of
2 the community, within such reasonable time and in such reasonable
3 manner as by such order may be prescribed, to connect their
4 respective premises to the private sewerage system.

5 (1) Appeals from such orders of the Director may
6 be taken to the Board of Appeals COUNTY COUNCIL within thirty (30)
7 days of the issuance of the Order UNTIL SUCH TIME AS AN APPEALS
8 BOARD IS ESTABLISHED. An appeal shall stay further action by the
9 County under the order until it is decided. If the appellate
10 review upholds the County's actions, the County shall forthwith
11 proceed with such Court proceedings as may be necessary to
12 effectuate the purposes of the Order.

13 (e) Connections. The Director may at any time permit
14 or require a connection with a water or sewer main by a property
15 owner who has not previously paid a benefit charge for the
16 construction of a water or sewer lateral or main, provided the
17 Director classifies the property and a front foot assessment is
18 paid by the property owner as though the property abutted upon a
19 water or sewer lateral or main. If the connection is made, the
20 property owner and the property; as to all charges, rates and
21 benefits, stand in every respect in the same position as if the
22 property abutted upon a water or sewer lateral or main.

23 (f) When a purchased system is to be connected to a
24 portion of the existing County water, sewer or drainage systems,
25 all properties receiving services from the purchased system will
26 be charged the normal area connection charge that is being charged
27 by Harford County for a connection; at the time of the connection
28 of the purchased system; to any other portion of the County
29 system; or at the time the purchased system becomes a sanitary
30 subdistrict of the County: BE CHARGED THE NORMAL CHARGES THAT ARE
31 BEING CHARGED BY THE COUNTY FOR CONNECTION TO ANY OTHER PORTION

32

1 OF THE COUNTY SYSTEM, AT THE TIME OF THE CONNECTION OF THE
2 PURCHASED SYSTEM, OR AT THE TIME THE PURCHASED SYSTEM BECOMES A
3 SANITARY SUBDISTRICT OF THE COUNTY.

4 Section 24-12. Connection Charges.

5 (a) If not previously paid, the County shall make a
6 charge for every drainage, sewer and water connection in the
7 amount set by law. Connection charges, which are used to amortize
8 the costs of capital facilities, shall be established from time to
9 time by law. Connection charges may be based upon reasonable
10 classifications that may vary within any water, sewer or drainage
11 system and among any such systems depending on the existence of
12 any special circumstances. The charges shall not be limited to
13 the costs to the County for making such connections. The Treasurer
14 shall determine the manner in which such charges shall be paid by
15 adopting appropriate rules and regulations.

16 (b) Connection charges shall be levied against EACH
17 property or each unit for which water or sewer service is available
18 and each unit connecting to the County's water and/or sewer system
19 in accordance with the rates established and revised from time to
20 time. PAYMENTS WHERE PUBLIC WATER OR SEWER SERVICE IS TO BE
21 PROVIDED TO A PROPERTY OR UNIT, PAYMENTS for connection charges
22 will not be accepted or credited and building permits will not be
23 issued until water and/or sewer service is, in fact, available
24 FROM THE COUNTY to the respective unit to be connected.

25 (c) Where area connection charges are paid and building
26 permits are issued, commencement of construction shall be made
27 within eighteen (18) months from the date of issuance of the
28 building permit or the applicant may lose the allocation of
29 service for the building permit and have all permits issued and
30 agreements entered into by the County become null and void by
31 operation of law. A charge shall be made by the County for the
32 reservation of service and processing of permits.

1 (d) If a similar credit for contribution by the property
2 owners has not been previously allowed in their case as provided
3 for by Section 24-2023, when a purchased system is to be connected
4 to a portion of the existing County system, those properties
5 connected to the purchased system shall be required to pay only
6 that amount of the then existing area connection charge that
7 exceeds any amount computed as a credit to the County at the time
8 of determining the County's purchase price. (i.e., monies that
9 were deducted from the purchase price because they were payments,
10 contributions or taxes paid by lot or property owners toward the
11 construction of the system being purchased by the County; or
12 monies to be deducted from the land or lots for the purpose of
13 constructing the system being purchased.) Otherwise, all properties
14 will be charged the normal area connection charge that is being
15 levied for a connection, at the time of the connection of the
16 purchased system, to any other portion of the County system or at
17 the time the purchased system becomes a sanitary subdistrict of
18 the County.

19 (e) As of the effective date of this Act, the rate of
20 connection charge shall be determined by the following procedures:

21 (1) All connection charge rates expressly and
22 lawfully established in any contractual agreement executed prior
23 to said effective day shall remain valid; provided said agreement
24 remains in force and effect until the respective property is
25 physically benefited with water or sewer service. If said agreement
26 shall be declared null and void and no longer in force and effect
27 prior to the respective property being physically benefited, then
28 the rate of connection charge shall be re-established in accordance
29 with the applicable portions of this Act.

30 (2) All property platted and recorded in the Land
31 Records of Harford County, Maryland, which is required to connect
32 to the public water or sewer system as a condition of recordation;

1 and which has not been physically benefited with the required
2 service; and whose connection rate is not expressly and lawfully
3 established in any contractual agreement, shall be required to pay
4 at the rate which was in effect at the time the property was so
5 platted and recorded; provided, however, that the property is, in
6 fact, physically benefited with such required service within
7 eighteen (18) months of the date of recordation. In the event
8 said service is not provided within the requisite time, then the
9 connection rate shall be re-established to be that in effect at
10 the time the property is, in fact, physically benefited.

11 (4) All property to be benefited with water or
12 sewer service by mandate of any Federal, State or County
13 legislative action which prohibits construction of, repair to or
14 causes the eventual abandonment of an individual system, shall pay
15 the connection rate in effect at the time said legislative action
16 became effective; provided, however, that said legislative action
17 is not abrogated prior to the property being physically benefited.

18 (5) All other property physically benefited with
19 water or sewer service after the effective date of this Act shall
20 pay the connection rate in effect at the time said property is so
21 physically benefited.

22 (g) All connection charges, regardless of the connection
23 rate, must be paid prior to the physical connection to the respective
24 system or within six (6) months of the date the property is
25 physically benefited, whichever is earlier.

26 (h) If, once physically benefited, the use of a
27 property is altered in such a manner that existing service must be
28 increased or enlarged, then the County shall require an additional
29 connection charge for such increased or enlarged portion of
30 service; said additional charge to be at the rate in effect at the
31 time said additional service is provided.

32

1 Section 24-13. Water and Sewer Plan. The Water and Sewer Plan
2 is adopted and amended in accordance with State law and regulations
3 of the State Department of Health and Mental Hygiene.

4 (a) It shall be the duty and responsibility of the
5 Director to insure that timely reviews and amendments of the
6 Water and Sewer Plan are recommended to the Council.

7 (b) The Director shall insure that no later than the
8 first legislative session in the month of October of each year
9 that a review of the Plan and any recommendations he may have are
10 forwarded to the Council in a form and manner that upon adoption
11 by the Council may be inserted in the current Plan as new page
12 inserts or adopted as a new Plan in toto.

13 (c) All requests for amendments to the Water and Sewer
14 Plan shall be filed with the Department of Public Works who shall
15 review and forward the request to the Council with such recommenda-
16 tions as it shall deem appropriate. All costs of reviews and
17 amendments incurred by the County pursuant to a request by a private
18 party or parties for an amendment to the Water and Sewer Plan shall
19 be borne by those parties. Advertisement costs shall be paid prior
20 to the holding of each public hearing and advance payments may be

2 execution of an agreement by the party or parties requesting the
3 amendment to pay the expenses pursuant to the request.

4 (d) ALL AMENDMENTS TO, REVISIONS TO, OR RE-ENACTMENTS
5 OF THE WATER AND SEWER PLAN SHALL BE EFFECTIVE AT THE TIME THE
6 COUNTY COUNCIL TAKES THEIR ACTION ON THE AMENDMENT, REVISION, OR
7 RE-ENACTMENT. ALL ACTIONS OF THE COUNTY AND PERSONS WHOSE
8 ACTIONS ARE AFFECTED BY THE WATER AND SEWER PLAN SHALL BE GUIDED
9 AND CONTROLLED BY THE AMENDMENTS, REVISIONS, OR RE-ENACTMENTS AS
10 ADOPTED UNTIL ACTIONS TO THE CONTRARY ARE REQUIRED BY THE
11 SECRETARY OF THE DEPARTMENT OF HEALTH AND MENTAL HYGIENE FOR THE
12 STATE OF MARYLAND.

13 Section 24-14: Water or Sewer Capacity; Industrial Reservation:

14 (a) All new ratings that increase the capacity of a
15 water supply or sewage treatment plant that serves land in the
16 twenty (20) year water or sewer service area that is designated in
17 the land use element of the Harford County Master Plan as an
18 industrial use area shall have at least twenty-five percent (25%)
19 of its total increase reserved for industrial use; after existing
20 obligations (as of the effective date of this Act) for use of
21 capacity have been satisfied:

22 SECTION 24-14. INDUSTRIAL RESERVATION OF WATER OR SEWER
23 CAPACITY.

24 (a) THE COUNTY COUNCIL MAY ANNUALLY ESTABLISH A
25 PERCENTAGE, NOT EXCEEDING TWENTY-FIVE PERCENT (25%), OF
26 UNALLOCATED WATER AND SEWER CAPACITY THAT IS TO BE RESERVED FOR
27 INDUSTRIAL USE IN THE FOLLOWING CALENDAR YEAR. SUCH RESERVATIONS
28 SHALL ONLY BE MADE IF THERE IS ON DECEMBER 1 OF ANY GIVEN YEAR
29 ANY CAPACITY THAT CAN BE RESERVED FOR THE FOLLOWING CALENDAR
30 YEAR. RESERVATIONS OF INDUSTRIAL USE ARE NOT CUMULATIVE AND ARE
31 EFFECTIVE FOR ONLY ONE CALENDAR YEAR.

1 Section 24-15. Fire Hydrants.

2 (a) The County shall have full and complete jurisdiction
3 over all fire hydrants connected with its water system, and no
4 person, firm or corporation may operate, use, make connection
5 with, or withdraw water from the system without the written
6 authority of the Director or his designee, except that no restriction
7 shall apply to any bona fide fire department in the discharge of
8 its duties.

9 (b) The Director, upon a determination that public
10 safety will be served, may require the installation of fire
11 hydrants to public or private systems existing or to be constructed
12 and may prescribe such rules and regulations for the use and
13 maintenance thereof as he deems necessary.

14 (c) No person, firm or corporation may use, tamper
15 with, deface, damage or otherwise obstruct the use of any fire
16 hydrant, except as may be provided by law, regulation or permission
17 signed by the Director.

18 (d) Fire hydrant service to County residents who are
19 served by the Maryland Water Works may be provided by the County
20 in accordance with the following procedures:

21 (1) Residents requesting service must petition to
22 the County for fire hydrant service. Petitions must be filed with
23 the Department of Public Works.

24 (2) The Department of Public Works shall formulate
25 a preliminary estimate of the total cost and will project the area
26 to be served.

27 (3) The County Executive will request the Council
28 to hold a public hearing.

29 (4) A public hearing shall be held by the Council
30 to determine if the service shall be provided.

31 (5) Upon approval by the Council, the County will
32 begin negotiating a contract with the Maryland Water Works Company

1 for the hydrants and/or service. The Treasurer shall determine
2 the method of collecting monies for the hydrant service and shall
3 make such recommendations to the Council as may be necessary.

4 Section 24-16. Contract; Authority of County.

5 (a) The County may enter into contracts for the
6 connection of the County's water supply, sewerage or drainage
7 systems, with those of any municipality or adjoining County, or
8 any other governmental agency, for the purchase of water and for
9 the disposal of sewage or drainage from any sanitary district, and
10 to enter into any other agreement concerning any matter deemed by
11 the County to be necessary, advisable or expedient for the proper
12 construction, maintenance and operation of the water supply,
13 sewerage or drainage systems under the control of the County, or
14 those under the control of any municipality, other County or other
15 governmental agency. The County is further empowered to enter
16 into contracts with any municipality for the joint acquisition,
17 construction, ownership and operation of any water supply, sewerage
18 or drainage system or any portion thereof for the benefit of the
19 County.

20 Section 24-17. Consultant Services; Studies; etc.

21 (a) The Department may utilize the services of consultants
22 for the purpose of conducting studies, surveys and the collection
23 and formulation of data and conclusions. HOWEVER, ALL REQUESTS,
24 AND CHANGES THERETO, FOR SUCH SERVICES, SHALL BE IN ACCORDANCE
25 WITH THE ESTABLISHED PROCUREMENT LAWS AND REGULATIONS.

26 Section 24-18. Service Charges and Operation and Maintenance
27 Charges. For the purpose of providing funds for maintaining,
28 repairing and operating its water supply, sewerage or drainage
29 systems, and for its THEIR operation and other expenses, including
30 proper depreciation allowances, and for interest on and the
31
32

1 retirement of bonds as specified in this Chapter, the County may
2 make the following charges:

3 (a) A Water and Sewer Service Charge. The County may
4 establish a charge for water, sewer and drainage service which may
5 include a minimum of ready-to-service charge, which may be based
6 upon the size of the meter on the water connection leading to the
7 property, and a charge for water used, which shall be based upon
8 the amount of water passing through the meter since the last
9 charge was made, if any, and such other criteria as may be
10 reasonable. When IF a meter is not installed at a property that
11 is connected to the system, then a flat rate shall be charged on
12 that property; such rate shall be uniform in each sanitary system
13 OR SUBDISTRICT and based upon the ready-to-serve charge and an
14 average amount of water used by properties in the County or sanitary
15 system OR SUBDISTRICT. Bills for water and sewer service shall be
16 sent monthly, quarterly or semiannually as the Treasurer may
17 determine to each property served and shall be payable at the
18 office of the Treasurer or such other place as may be designated.
19 Such charges shall be a lien upon the property served and collectible
20 as provided for below. If any bill remains unpaid after thirty
21 (30) days from the date of mailing, the Department, after written
22 notice left upon the premises or mailed to the last known address
23 of the owner, may turn off the water to the property in question,
24 and the water shall not be turned on again until the bill has been
25 paid, including any turn-off fee or turn-on fee.

26 (b) A charge may be made by the County for the
27 construction, purchase or establishment and upkeep of drainage,
28 water supply and sewerage systems against all properties benefited
29 by such system or having a connection with any water main, sewer
30 or drain under its operation or ownership. The charge, if any,
31 shall be made upon such reasonable basis as the Council may
32 determine. It may be collected in the same manner as other

1 service charges or annually in the same manner as are front foot
2 benefit and equal assessments, against all property benefited by
3 such drainage system or having a connection with a water main or
4 sewer under the operation or ownership of the County. Such charges
5 may be based upon such classifications as the Director from time
6 to time may recommend and shall be uniform throughout each
7 sanitary system within each such classification.

8 (c) When a person or property owner requests the
9 cessation or commencement of installed service, the Department
10 shall charge a fee, not to exceed Twenty Dollars (\$20), that
11 reasonably recovers the total costs to the County for ceasing or
12 commencing the service.

13 Section 24-19. Meters, Water and Sewer.

14 (a) A meter shall be required to be placed on each
15 water connection and a meter may be required to be placed on a
16 sewer line. Each meter shall remain the property of the County.

17 (b) A charge for the meter and its installation shall
18 be established pursuant to law or duly adopted rules and regula-
19 tions. The rates shall be uniform throughout each system operated
20 by the County, but the Director may establish or recommend such
21 classifications as he deems advisable within any such system based
22 upon quantity of water used and/or size of meter and such other
23 criteria as may be reasonable.

24 (c) Water meter installation shall take place after the
25 final plumbing inspection and notification from the Department of
26 Inspections, Licenses and Permits, and instructions to the
27 Division of Water and Sewer that such inspection has been made.
28 The meter and installation charges shall be that rate in effect at
29 the time of installation.

30 Section 24-20: Charges, Due Dates, Collections, Interest.

31 (a) All charges, levies and assessments provided for in
32 this Chapter shall be liens upon the property served or benefited,

1 and, in addition to being enforced by actions at law, may be
2 enforced by a bill in equity against the property so served or
3 benefited. The liens shall be subordinate only to prior State and
4 County liens. Except for benefit assessments, all charges shall
5 be due when made and after sixty (60) days from that date shall
6 bear interest at the same rate as that is charged for delinquent
7 County real estate taxes. Neither the due dates nor the interval
8 between such dates need be uniform throughout the sanitary district.
9 Benefit assessments shall be due on the same date as County real
10 estate taxes and shall become delinquent on the first day of
11 April.

12 (b) In addition to being a lien upon the property
13 served or benefited, all charges, levies and assessments shall be
14 personal obligations of the owners of the property at the time the
15 charge, levy or assessment attached as a lien against the property.
16 Section 24-21. Deferred Payment for Indigents.

17 (a) In accordance with established rules and regulations
18 the County Executive, upon recommendation of the Treasurer, may
19 defer payment of area charges and bond retirement assessments in
20 cases where the property owner is indigent. These charges shall
21 be a first lien upon the property and shall become due and payable
22 no later than upon transfer of the property or any interest
23 therein and any manner, and the lien shall be recorded among the
24 Land Records of Harford County.

25 Section 24-22. Acquisition by Purchase or Gift.

26 (a) Power to Acquire. The County Executive, with the
27 approval of the County Council, may purchase, or acquire by gift,
28 any existing water, sewerage or drainage systems, or parts thereof,
29 including those owned, operated by or serving any municipality or
30 any land, structure, building, stream bed, water rights or
31 watershed, either in fee or as an easement, which in his judgment
32 is desirable or necessary for the purpose of providing adequate

1 water supply, sewerage or drainage service for the residents of
2 the County. In any such purchase, before any part of the purchase
3 price is paid other than a nominal sum of money to bind the
4 agreement, the vendor or his agent shall furnish an affidavit to
5 the Executive or his designee setting forth all names and addresses
6 of all persons having any interest in or claims against the
7 property.

8 (b) Notice. Upon being notified of the names of
9 persons having an interest in or claim against the property to be
10 acquired, it shall be the duty of the Executive or his designee to
11 notify personally or by certified mail to the addressee only,
12 return receipt requested, all persons having any interest in or
13 claim against the property, and in addition, the Executive or his
14 designee shall give three (3) weeks' notice of the County's
15 intention to purchase the property in a newspaper or newspapers
16 published within the County where the property is located. Each
17 person having a claim against the property shall file the claim
18 with the Department on or before the expiration date stated in the
19 notice at which time any such persons shall be given a opportunity
20 to be heard.

21 Section 24-23. Acquisition by Condemnation.

22 (a) Power to Condemn. Whenever it is deemed necessary
23 to take or acquire any property or interest therein either in fee
24 or as an easement, right-of-way or other real or personal interest
25 within or without the boundaries of Harford County, Maryland, for
26 the construction, purchase, establishment, extension or maintenance
27 of the County's water supply sewerage, drainage systems
28 or appurtenances thereto, the County Executive may in accordance
29 with established law and procedures, condemn the property or
30 interest by proceedings in the Circuit Court for the County in
31 which the property or right is located; any such proceedings shall
32

1 be instituted and conducted in accordance with Title 12, Eminent
2 Domain, Real Property Article, Annotated Code of Maryland.

3 (b) Condemnation Award; Deductions Therefrom. In the
4 condemnation awards for privately owned water supply, sewerage or
5 drainage systems, the jury shall take into consideration as a part
6 of its award and deduct therefrom any payment, contribution or
7 tax paid by the respective lot or property owners toward the
8 construction of the system. Where the system or systems have been
9 built in connection with or for the purpose of developing home
10 sites, subdivisions or villages, by any individual, firm or
11 corporation, and such system or systems have been offered as an
12 inducement for the purchase of a lot or land therein, the jury
13 shall deduct from the determined value of the plant or system such
14 sum as it may reasonably determine was added to the purchase price
15 of the land or lots in the sale thereof for the purpose of
16 constructing the system(s).

17 (c) Acquisition. When taken by condemnation, privately
18 owned systems shall be acquired free and clear of all debts and
19 liens, but the County shall make a party defendant of any person,
20 firm or corporation having any recorded lien or encumbrance
21 against the system, and the Circuit Court shall determine the
22 respective amounts due the defendants; and from and after payment
23 into Court or to the proper parties as hereinabove provided, the
24 County is authorized to take possession of, maintain and operate
25 the system, which shall be subject to the same regulations and
26 penalties as though the system so acquired had been constructed
27 and put into operation by the County under the provisions of this
28 Chapter.

29 (d) System Unsuitable. Whenever there is in existence
30 a privately owned water supply, sewerage or drainage system
31 which, in the judgment of the Director, is unsuitable in whole or
32 part for incorporation into the County's system, the County may

1 disregard the existence of said system or unsuitable part thereof
2 and extend the County system to serve the area tributary to the
3 existing system or unsuitable part thereof, and all the provisions
4 of this Chapter relating to systems constructed by the County
5 apply thereto.

6 (e) At any time after ten (10) days following the
7 return and recordation of the verdict or award in condemnation
8 proceedings, the County may enter and take possession of the
9 property condemned, upon first paying to the Clerk of the Court
10 the amount of the award and all costs taxed to that date,
11 notwithstanding any appeal or further proceedings upon the part of
12 the defendant. At the time of the payment, the County shall give
13 its corporate undertaking to abide by and fulfill any further
14 legal liability.

15 Section 24-24. Payment for Capital Indebtedness.

16 (a) For the purpose of providing funds for the
17 investigations, surveys, design, construction, establishment,
18 purchase, condemnation or depreciation of water supply, sewerage
19 and drainage systems in the County, and for the purpose of paying
20 any debt of these systems, the Council may:

21 (1) Establish a reserve fund pursuant to Section
22 523(d) of the Charter.

23 (2) Incur debt as provided for by the Charter.

24 (3) Establish charges based upon connections to
25 the system and other criteria.

26 (4) Levy special assessments on the properties
27 benefited by a particular project or portion of the system.

28 (5) Levy assessments on all property benefited by
29 water supply, sewerage or drainage systems in the County.

30 (6) Levy an ad valorem tax on all taxable real
31 property in the County.

32 (7) Establish and levy surcharges.

1 (b) EXCEPT FOR THE PAYMENT OF A TAX OR PAST DUE DEBTS,
2 THE COUNTY SHALL NOT ACCELERATE THE PAYMENT OF ANY CHARGES AT
3 THE TIME OF SALE OF A LOT OR PROPERTY NOT OTHERWISE PAST DUE ON
4 THE DATE OF TRANSFER. THE PERSON PURCHASING THE LOT OR PROPERTY
5 WILL ASSUME THE LIABILITY OF ALL EXISTING WATER, SEWER OR
6 DRAINAGE CHARGES THAT ARE NOT PAST DUE, EXCEPT WHERE THE PURCHASER
7 AND SELLER AGREE OTHERWISE.

8 Section 24-25. Serial Bond and Emergency Note Indebtedness.

9 (a) The Council will authorize the incurring of
10 indebtedness by the County in accordance with Sections 518 and 524
11 of the Charter as they deem necessary. The County may pay the
12 interest on any bond series it issues out of the proceeds of the
13 sale of that series for only one (1) year. Any interest derived
14 from unexpended bond monies shall be used only to pay the principal
15 and interest on outstanding bond or emergency note indebtedness.
16 Emergency notes issued to defray noncapital expenditures shall
17 ultimately be paid for from sources that normally are used to pay
18 for noncapital expenditures.

19 (b) The incurring of indebtedness by the issuance of
20 emergency notes shall be in accordance with the legislative
21 procedures enunciated in the Charter, rules and regulations of the
22 Council and Section 12 of Article 31 of the Annotated Code of
23 Maryland, as amended.

24 (c) Bonded indebtedness incurred by the County shall be
25 incurred in the manner prescribed by the Charter and Article 31 of
26 the Annotated Code of Maryland, as amended, and such other
27 provisions of law as may be applicable.

28 (1) County bonds may be redeemed before maturity,
29 at the option of the County, at such price and under such terms
30 and conditions as may be stated in the bonds or as allowed by law.

31 (2) County bonds shall not bear an interest
32 greater than eight percent (8%) per annum and shall be exempt from

1 Federal, State and local taxation insofar as is allowed by Federal
2 and State law.

3 (3) Bonds shall be issued under the Seal of the
4 County and shall contain a statement to the effect that the
5 payment of the principal and interest is guaranteed by Harford
6 County, Maryland.

7 (4) The Executive or his designee shall affix his
8 signature to all bonds and other related documents and statements
9 as required in the bond bills within ten (10) days after they are
10 presented to him for endorsement.

11 Section 24-26. Assessments.

12 (a) The Director may recommend to the Council OR THE
13 COUNCIL MAY ESTABLISH an annual assessment on all properties in
14 the sanitary district or subdistrict for the purpose of paying for
15 the construction, purchase or establishment of water supply,
16 sewerage or drainage facilities or to pay the principal and interest
17 due on bonds issued by the County to pay for the facilities. The
18 Director may recommend TO THE COUNCIL in accordance with established
19 rules and regulations to OR THE COUNCIL MAY ESTABLISH the Council
20 an annual assessment on only those properties, improved or
21 unimproved, binding upon a highway, street, road, lane, alley or
22 right-of-way in which a water line, sewer line or drain has been
23 built to defray the expenses of the capital expenditure.

24 (1) However, if a property is connected to a line
25 and does not have frontage abutting upon the highway, street,
26 road, lane, alley or right-of-way in which the line is laid, an
27 assessment shall be levied that is an average assessment for all
28 properties assessed for that particular line to which it is
29 connected.

30 (2) Properties connected to lines classified by
31 the Director as basic mains, lines or facilities shall be charged
32 an annual assessment that shall be substantially equal to an

1 average of all individual property assessments levied in a
2 preceding base year for similar type projects paid for from the
3 same bond issue as the basic main, line or facility to which the
4 property to be assessed is connected, if any, and if no assessments
5 were made for construction paid for from the same bond issue, an
6 assessment substantially equal to an average of all assessments
7 made in a preceding base year for similar type services.

8 (b) All assessments shall be adopted in accordance with
9 the procedures set forth in this Chapter. If not previously
10 assessed and collection made therefor, the assessment shall be
11 made and the first payment shall be collected within twelve (12)
12 months of the date which the books are closed as to the purchase,
13 project, establishment or construction. All sums collected by the
14 Treasurer from assessments levied against properties for water
15 supply, sewerage or drainage purchases, projects, construction or
16 establishment shall be set aside in a separate fund to be utilized
17 for the purpose of paying for the cost of capital improvements and
18 the principal and interest due on bonds issued by the County to
19 defray capital expenditures for the County's water supply, sewerage
20 or drainage systems.

21 (c) Upon the determination by the Council or the
22 Director that an assessment should be levied, they shall notify
23 the Treasurer. The Director shall:

24 (1) Obtain from the Treasurer final and complete
25 costs of the project and the proper bond variance factors to be
26 applied.

27 (2) Determine the proper assessment to be levied.

28 (3) Request the Council to hold a public hearing,
29 but only in those cases where the total cost exceeds the costs, as
30 estimated, prior to undertaking the project as a public improvement
31 or capital project.

32

1 (4) Request the Treasurer to send notices of
2 public hearing, if a public hearing is required.

3 (5) Present information at any required public
4 hearing.

5 (6) After approval of the assessment to be levied
6 by the County or determination of what the proper assessment
7 should be, where Council approval is not required, request the
8 Treasurer to send the notices of assessment.

9 Section 24-27. Assessment, Reassessment and Supplemental Assessment.

10 (a) Where properties in the sanitary district or
11 subdistrict have been assessed for a particular improvement in
12 accordance with the method prescribed by law, the assessment must
13 defray the expenses of the capital improvements for which the
14 assessment was levied.

15 (1) The Treasurer shall insure that a bi-annual
16 review of all assessments is made and that all assessments will
17 provide the requisite amounts of monies to defray the expenses of
18 the capital improvements. A SUMMARY STATEMENT OR REPORT SHALL
19 BE MADE TO THE COUNTY COUNCIL AND COUNTY EXECUTIVE.

20 (2) Where the monies to be received over the life
21 of the assessment will be insufficient to defray the expenses of
22 the capital improvements for which the assessment was levied, the
23 Treasurer shall:

24 (A) Recommend to the Council a supplemental
25 assessment in the amount necessary that, when added to the original
26 assessment, will insure that the requisite monies are raised to
27 defray the expenses of the capital improvements; or

28 (B) Recommend to the Council a reassessment
29 where:

30 (i) An assessment has been imposed or
31 attempted and payment thereof has not been had.

32

1 (ii) There has been an error in the
2 assessment, or where the classification of properties assessed has
3 changed, and where the assessment of substantially all of the
4 properties would be substantially decreased.

5 (b) All assessments shall become a lien against the
6 property to which the assessment is levied at the time the
7 assessment law is effective as well as becoming a personal liability
8 of the owner(s) of the property at the time the assessment law is
9 effective. The property liens shall be a first lien on the
10 property, subject only to prior State and County charges. Property
11 liens may be collected at any time, but in the same manner as
12 County taxes are collected.

13 Section 24-28. Ad Valorem Tax.

14 (a) In the event that all funds available from water,
15 sewer and drainage system sources are insufficient to pay the
16 principal and interest due on any bonds issued pursuant to the
17 authority in this Chapter, the County Executive shall recommend
18 and the County Council shall, in each and every fiscal year in
19 which bonds are outstanding, levy and collect ad valorem taxes
20 upon all the assessable property in Harford County in rates and
21 amounts sufficient to provide for such payments when due, together
22 with accrued interest to the date of payment. In the event the
23 proceeds from the taxes so levied in any fiscal year are inadequate
24 for the above purposes, additional taxes shall be levied in the
25 succeeding fiscal year to make up any deficiency.

26 Section 24-29. Methods of Assessments. IT IS THE DIRECTION AND
27 POLICY OF THE COUNTY COUNCIL THAT EQUAL BENEFIT ASSESSMENTS SHALL
28 BE THE PRIMARY METHOD OF ASSESSING PROPERTIES WHERE AN ASSESSMENT
29 IS USED TO AMORTIZE THE PROVIDING OF WATER, SEWER, OR DRAINAGE
30 SERVICES BY HARFORD COUNTY TO PRIVATE USERS. HOWEVER, WHERE
31 Dictated by equity or law, or agreed upon by all property owners
32 that are to initially receive the service, the county may assess
33 the properties on a front foot benefit basis.

1 (a) Bond Retirement Assessments. The Director may
2 recommend to the Council and OR the Council may establish an
3 assessment on either a front foot basis or an equal benefit
4 basis. The Director may divide all properties receiving service
5 from a project or binding upon a highway, street, road, lane,
6 alley or right-of-way in which a water line, sewer line or drain
7 has been laid into, one (1) or more of the following four (4)
8 classes: agricultural and small acreage; industrial; commercial
9 and business; and residential. The Director may provide other
10 reasonable classes by rule and regulation. The Director may
11 subdivide each of these classes into such subclasses as may be
12 reasonable to insure an equitable assessment of all properties
13 assessed. The Director may recommend changes in the classification
14 of properties from time to time as the uses of the properties
15 change. Assessments shall be paid annually for all properties for
16 a number of years that is the same as the period of maturity of
17 the bonds out of which the proceeds came to pay for the capital
18 improvement.

19 (b) Front Foot Benefit Assessments. Except as provided
20 for below, front foot benefit assessments shall be based for each
21 class of property upon the number of front feet abutting upon the
22 highway, street, lane, road, alley or right-of-way in which the
23 water, sewer or drainage pipe is placed.

24 (1) No residential property may be assessed on
25 more than one (1) side for duplicative services unless it abuts
26 upon two (2) parallel highways, streets, lanes, roads, alleys or
27 rights-of-way in which duplicative water, sewer or drainage pipes
28 are laid, and then only if service is utilized from both.

29 (2) Corner lots; where water and/or sewer utilities
30 are provided on two (2) adjacent sides of a property, assessable
31 footage will be determined by averaging the two (2) sides or by
32 using only the side for which the service connection is provided;

1 whichever is the greater of the two (2). In computing this
2 frontage, a curved front lot line of a corner lot shall be computed
3 in accordance with Subsection (7) below.

4 (3) All properties in the residential, industrial,
5 commercial and business classifications shall be assessed based on
6 their full assessable frontage, even though the water, sewer or
7 drainage line may not extend along the full length of the frontage.

8 (4) No land classified as agricultural or small
9 acreage shall be assessed a front foot benefit assessment when it
10 has constructed through it or in front of it a sewer or water main
11 until such time as a water, sewer or drainage connection is made;
12 and when so made, and for every connection, such land is liable to
13 a front foot assessment for such reasonable frontage not exceeding
14 three hundred (300) feet, and shall be immediately assessed at the
15 rate of assessment determined for agricultural land, provided,
16 however, that where the majority of the lots, tracts or parcels of
17 land that are serviced by the construction, purchase or establishment
18 of a water supply, sewerage or drainage facility are of a small
19 acreage classifications; those lots, tracts or parcels of land
20 shall be assessed for the same frontage as it IS actually traversed
21 by the improvement they are being assessed for.

22 (5) Where a building receiving service is erected
23 on more than one (1) lot or parcel and only one (1) service
24 connection is provided, it will be assessed as one (1) property.

25 (6) Private parks shall be assessed as agricultural.

26 (7) Except as otherwise provided, where the
27 assessable footage is greater than one hundred fifty (150) feet,
28 the first one hundred fifty (150) feet shall be assessed at the
29 full rate per foot established for the project; the second one
30 hundred fifty (150) feet shall be assessed at fifty percent (50%)
31 of the full rate per foot established for the project; and all the
32

1 remaining assessable footage shall be assessed at twenty-five
2 percent (25%) of the full rate per foot established for the
3 project.

4 (8) Irregular Shaped Properties. Properties
5 abutting a water and/or sewer line and having a front and rear
6 property line with more than one (1) foot difference will be
7 averaged. Where it is necessary to establish a back lot line and
8 the line is not a straight line, geometric equations shall be
9 utilized to establish a line that represents the average distance
10 from both sides of the plane geometric figure representing the
11 rear most boundaries of the property.

12 (9) Minimum Assessment. All properties with an
13 assessable front footage less than forty (40) feet, will be
14 assessed at a minimum of forty (40) feet.

15 (10) Commercial and industrial properties shall be
16 assessed at the full rate for all of the assessable front footage
17 abutting a water, sewer or drainage line.

18 (c) Equal Benefit Assessment. An equal benefit assessment
19 may be levied on each of the properties benefited by a purchase,
20 project, establishment or construction of a water supply, sewerage
21 or drainage facility in an equal amount or the assessment may be
22 calculated on a square footage ratio of each property to the total
23 square footage of all properties being assessed, if a square
24 footage ratio would be more equitable. The assessments shall be
25 in whatever amount is required to pay the total cost of the purchase,
26 project, establishment or construction. The word property means
27 all of that land area in common ownership enclosed within the
28 boundaries of contiguous parcels to which one (1) service connection
29 has been provided. Should any property owner divide his property,
30 the same assessment shall be imposed on the new property as on the
31 other properties, except as otherwise provided for above.

32

1 Section 24-30. Metropolitan Commission.

2 (a) From and after February 15, 1973, all monies of the
3 Metropolitan Commission and all debts, credits, assessments,
4 levies, and charges of every kind and description due to or from
5 the Metropolitan Commission shall become the money, debt, credit,
6 assessment, levy and charge to or of Harford County, Maryland. All
7 money, assessments, levies or charges so collected or to be
8 collected and all debts paid shall be credited or debited as the
9 case may be to the current interest and joint sinking fund and the
10 Harford County Utility Fund in such banks or trust companies as
11 the County Executive shall designate and such funds shall be kept
12 separate and apart from all other County funds.

13 ARTICLE 2. JOPPATOWNE SANITARY SUBDISTRICT.

14 Section 24-31.

15 The Joppatowne area of Harford County, Maryland, is
16 hereby established as a sanitary subdistrict with physical
17 boundaries stated in metes and bounds as follows:

18 (a) Beginning for the same at a point on the south side
19 of Pulaski Highway (U.S. Route 40) at the juncture of Joppa Farm
20 Road and running thence in a westerly direction along the south
21 side of Pulaski Highway until it intersects the boundary between
22 Harford and Baltimore Counties, thence running and binding on the
23 said boundary line between Harford and Baltimore Counties in a
24 southerly direction until it intersects the Penn Central Railroad.
25 The said boundary line follows the center line of the Little

12 CHAPTER 2. ADMINISTRATION.

13 ARTICLE 13. FIRE, AMBULANCE AND RESCUE ORGANIZATIONS.

14 DIVISION 1. PENSIONS.

15 Section 2-250. Established.

16 (a) There is hereby established a retirement program
17 for qualified active volunteer members of Harford County volunteer
18 fire departments/companies or ambulance corps and/or volunteer
19 fire company receiving contributions from Harford County, Mary-
20 land. For purposes of this Section, an active volunteer member is
21 defined as a person who has accumulated a minimum of fifty (50)
22 points per calendar year, in accordance with the point system set
23 forth in this Section.

24 (b) Any person who has served as a member of a Harford
25 County volunteer fire department/company or ambulance corps and/or
26 volunteer fire companies receiving contributions from Harford
27 County, Maryland, shall be eligible to receive benefits hereinafter
28 set forth provided:

29 (1) The person is certified in accordance with
30 the provisions of this Section to have served as an active
31 volunteer subsequent to January 1, 1975.

32

1 (2) Any person who discontinued active volunteer
2 service prior to January 1, 1970, may receive credit for said
3 service after being certified (in accordance with the provisions
4 of this Section) to have performed five (5) years active volunteer
5 service subsequent to said date.

6 (3) Any person who completes twenty-five (25)
7 years of certified service and has not attained the age of sixty
8 (60) may be qualified. He will become eligible for benefits upon
9 reaching the age of sixty (60) provided he is certified as to the
10 twenty-five (25) years of qualified service prior to January 1,
11 1975. After January 1, 1975, a person must accumulate the proper
12 number of points needed to qualify. After a person is qualified
13 and certified, failure to remain active or to maintain membership
14 in a fire department/company or ambulance corps will not disqualify
15 or otherwise affect any person from receiving benefits at the age
16 of sixty (60).

17 Section 2-251. Service Benefits.

18 (a) Beginning July 1, 1975, any person who has reached
19 the age of sixty (60) and who has completed a minimum of twenty-
20 five (25) years of certified active volunteer service with any

2 Hundred Fifty Dollars (\$150.00) per month or equivalent shall be
3 payable to any individual.

4 (c) In the event any active volunteer fireman or
5 corpsman (herein defined as one who has at least two (2) years of
6 qualifying service in the five (5) preceding years) attains the
7 age of seventy (70) years and fails to achieve the required
8 twenty-five (25) years of service, the volunteer is entitled to a
9 monthly benefit of the number of years of certified service
10 completed multiplied by Four Dollars (\$4.00). These benefits
11 shall be payable in the normal manner.

12 Section 2-252. Disability and Death Benefits.

13 (a) In the event any active volunteer becomes disabled
14 during the course of service described in the Annotated Code of
15 Maryland, Article 101, Paragraph 24(a), and such disability
16 prevents the volunteer from pursuing his normal occupation, and
17 the disability is of a permanent nature as determined and certified
18 by the Maryland Workmen's Compensation Commission, then the
19 volunteer is entitled to receive the benefits prescribed in
20 Section 2-251, Subsection (a) and any such benefits as he may be
21 entitled to regardless of his age or length of service. These
22 benefits shall begin on the first day of the first month following
23 the establishment of the determination of the permanent disability,
24 and shall remain in effect as long as the permanent disability
25 exists. This Subsection shall not be applicable to any volunteer
26 not insured either by Harford County or any other department/
27 company or corps workmen's compensation insurance carrier.

28 (b) In the event that any volunteer shall die while
29 receiving benefits, then his surviving spouse is entitled to
30 benefits equal to fifty percent (50%) of the volunteer's benefits.

31

32

1 These benefits shall terminate upon death or remarriage of the
2 spouse.

3 (c) In the event that a volunteer dies prior to
4 receiving any benefits under this Section, his surviving spouse is
5 entitled to benefits equal to fifty percent (50%) of the benefits
6 the deceased is eligible to receive. These benefits shall commence
7 upon the first day of the first month after the death of the
8 volunteer and shall terminate upon the death or remarriage of his
9 spouse. A qualified volunteer is defined as one who has completed
10 twenty-five (25) years of certified service.

11 (d) In the event any volunteer is fatally injured or
12 dies as a result of performing the services described in the
13 Annotated Code of Maryland, Article 101, Paragraph 34(a), his
14 spouse shall be entitled to benefits under Section 2-251, Benefits,
15 Subsection (a) or (b), whichever is the greatest. These benefits
16 shall commence on the first day of the first month after the death
17 and shall terminate upon death or remarriage of the spouse.

18 (e) In the event that a qualified volunteer fireman
19 dies, a burial benefit of One Thousand Dollars (\$1,000.00) shall
20 be payable to the spouse.

21 Section 2-253. Periodic Adjustments.

22 (a) Periodically, the Director of Administration and
23 the Harford County Fire Chiefs' Association shall review the
24 benefits prescribed in this Act and such review could increase or
25 decrease these benefits. Revised benefits, subject to approval of
26 the County Executive and the County Council through the budget
27 process, shall be effective on the first pay period in the new
28 fiscal year.

29 Section 2-254. Certification.

30 (a) It is the responsibility of each participating
31 volunteer fire department/company or ambulance corps to maintain
32

1 detailed and accurate records for each volunteer member on forms
2 prescribed by the Harford County Fire Chiefs' Association.

3 (b) Beginning December 1, 1974, and each October 1
4 thereafter, the Board of Directors of each volunteer fire
5 department/company or ambulance corps shall furnish the Harford
6 County Fire Chiefs' Association a statement under oath certifying
7 all volunteers of the department or corps who have qualified for
8 credit for the previous years. Each statement shall contain all
9 members' ages and previous credits earned and other information as
10 may be required by the Harford County Fire Chiefs' Association,
11 and the Director of Administration of Harford County.

12 (c) Upon receipt of this statement, Harford County Fire
13 Chiefs' Association shall review the list of each department or
14 corps. After the Harford County Fire Chiefs' Association approves
15 the certified list, they shall forward a copy of each approved
16 list to the fire department/company or ambulance corps concerned
17 by November 1 of each year. These lists shall be posted in a
18 conspicuous place within each fire department/company or ambulance
19 corps building for a period of not less than thirty (30) calendar
20 days. Posting date shall be noted on all approved lists and the
21 date the thirty (30) calendar days for a right of appeal expires.

26 (e) The request for an appeal hearing shall be in
27 writing and addressed to the Harford County Fire Chiefs'
28 Association who shall make a final decision. The hearing shall be
29 conducted by the Harford County Fire Chiefs' Association within
30 fifteen (15) calendar days after the posting expires but not less

1 (f) Fifteen (15) calendar days after all appeal hearings
2 (if necessary) but no later than January 1, the Harford County
3 Fire Chiefs' Association shall submit to the Director of Administra-
4 tion of Harford County a statement under oath certifying all
5 volunteers of the department/company or corps who have qualified
6 during the current year and those eligible for benefits under this
7 Act on forms prescribed by the County.

8 (g) It shall be the responsibility of the Harford
9 County Fire Chiefs' Association to submit a statement under oath
10 of any benefits to be paid under Section 2-252, Disability and

12 (h) Any volunteer eligible for benefits under this Act
13 may elect to receive the benefits; however, if he is receiving

9 effective storm water management in Harford County. The physical
10 manifestation of the County's growth includes increased impervious
11 surface construction such as buildings, driveways, parking lots,
12 and streets, all of which prevent the natural re-absorption of
13 normal rainfall and disruption of normal surface runoff. The
14 purpose of this Act is to control flooding, erosion and water
15 pollution by requiring certain types of controls for storm water
16 runoff.

17 Section 10-22. Definitions.

10 DISTURBING ACTIVITIES IN HARFORD COUNTY; HOWEVER, CONTROLS SHALL
11 NOT BE NECESSARY IF THE DEVELOPMENT PLANS INDICATE TO THE SATIS-
12 FACTION OF THE DEPARTMENT OF PUBLIC WORKS AND THE DISTRICT THAT
13 NO APPRECIABLE CHANGES IN STORM WATER RUNOFF WILL OCCUR FROM THE
14 DEVELOPMENT OF THE LAND. THE DEVELOPER OR PERSON INITIATING THE
15 CONSTRUCTION AND DEVELOPMENT ACTIVITY SHALL BE RESPONSIBLE FOR THE
16 PLANS AND FOR COMPLYING WITH THIS ARTICLE.

17 (b) The storm water controls required by this Article
18 and the controls required by the sediment control laws shall be
19 integrated into a single plan for control of sediment and storm
20 water whenever practical.

21 Section 10-24. Minimum Requirements for Storm Water Control.

22 (a) Storms of a two (2), five (5) or ten (10) year
23 frequency act as landscaping forces on stream channel and waterway
24 morphology. As a minimum requirement, on-site retention shall be
25 provided that will restrict the peak discharge to that which would
26 have occurred before development for a two (2), five (5) or
27 ten (10) year frequency storm, depending on site conditions.

28 (b) Components of storm water management systems may
29 include, but are not limited to, the following:

30 Dams and Reservoirs - wet or dry.

32 Excavated Ponds - wet or dry.

1 Infiltration Trenches.

2 Parking Lot Storage.

3 Roof Load Storage.

4 Underground Tanks.

5 Piping Systems.

6 All on-site detention structures will be provided with adequate
7 overflow precautions to allow passage of all storms with minimum
8 risk to individuals and/or property downstream.

9 Section 10-25. Permits.

10 (a) All preliminary development plans shall be reviewed
11 by the Department for on-site storm water management. To perform
12 the work required by a storm water management plan, a grading
13 permit must be issued in accordance with the Harford County Sediment
14 Control Law.

15 (1) If the Sediment Control Law exempts a
16 development from its requirements, and the development will affect
17 more than ten thousand (10,000) square feet of area, then the
18 requirements of this Article shall be followed.

19 (2) A permit for construction of storm water
20 systems in accordance with this Article shall be granted when the
21 requirements of this Act are met. The permit required by this
22 Act and the Sediment Control Law shall be one and the same. No

26 the requirements of this Act and no additional bond is necessary.

27 (b) A separate storm water management plan shall be
28 required for each separate noncontiguous development site.

29 (c) No storm water management plan shall be transferable
30 from one (1) project to another.

31

32

1 (d) No storm water management plan will be given a
2 grading permit if such use is not in conformance with existing
3 zoning, special exemptions and variances applicable to the site.

4 (e) Major modifications of the approved plans shall be
5 submitted to the Department and reprocessed in the same manner as
6 the original plan when:

7 (1) Inspection has revealed the inadequacy of the
8 plan to accomplish the storm water management objectives of the
9 plan, and appropriate modifications to correct the deficiency of
10 the plan are approved by the District. Cost for modification
11 shall be borne by the Owner, IF SUCH INADEQUACY IS OR WAS THE
12 RESPONSIBILITY OF THE OWNER, and the County shall hold up further
13 development of the site until the modifications are made.

14 (2) The person responsible for carrying out the
15 approved plan finds that because of changed circumstances or for
16 other reasons the approved plan cannot be effectively carried out
17 and proposes revisions to the plan that are consistent with the
18 requirements of this Article and rules and regulations promulgated
19 pursuant thereto and the District and Department approve the
20 proposed revisions.

21 (3) The Department may, in emergency situations
22 and at its discretion, order repairs or modifications in order to
23 protect stream channels, other properties or the general public
24 from damage, to remain in effect until such modifications or
25 revisions to the plan shall have been approved and implemented.

26 (f) Field modifications of a minor nature where such
27 changes do not render the plan ineffective may be authorized by
28 the Department provided that written authorization is given to
29 the person performing work pursuant to this Article with a copy
30 forwarded in a timely manner to the District.

31 Section 10-26. Permit - Revocation or Suspension.

6 any other applicable law, ordinance, rule or regulation relating
7 to the work.

8 (3) Existence of any condition or the doing of
9 any act constituting or creating a nuisance, hazard or endangering
10 human life or property.

11 (b) In addition to the authority set forth in Subsection
12 (a) above, the Director may post a site with an order directing
13 the premises to cease all land disturbing activity being performed
14 under permits required by this Article when such activity does not
15 conform to the specifications, including modifications thereof,
16 of an approved plan or other conditions of the permit issued
17 hereunder, provided that:

18 (1) Written notice to comply will be furnished
19 within seven (7) days to the permittees by certified mail and
20 addressed to the address of the permittee as stated on the
21 application for a permit.

22 (2) And such notice includes the nature of the
23 corrective measures required and the time within which corrections
24 shall be made.

25 (c) Nothing contained in this Section shall be
26 interpreted as restricting the Department from proceeding directly
27 with a cease and desist order or with alternative enforcement
28 procedures as established by law.

29 (d) The County may withhold the issuance of building
30 permits in a development that does not comply with the requirements
31 of this Act.

32 Section 10-27. Plan Documentation and Certification.

1 (a) All plans must be prepared in sufficient detail,
2 with reference to Standards and Specifications as specified in this
3 Article to insure understanding by those responsible for installa-
4 tion as well as by the County Inspector charged with insuring
5 installation as per design. Changes in design or deviations from
6 design in installation beyond what is allowed by law will not be
7 permitted.

8 (b) A professional engineer OR LANDSCAPE ARCHITECTS
9 shall prepare the on-site storm water management plan and will
10 certify on the drawing that the plans meet Storm Water Management
11 design requirements provided by this Article or adopted by the
12 Director in accordance with this Article. The developer or builder
13 will certify on the drawing that all clearing, grading, construction
14 and development will be done strictly in accordance with the
15 approved plan.

16 (c) Plans which are not properly documented and
17 certified, or which do not in fact reflect current on-site
18 conditions or support the certification will be rejected.

19 (d) The standards established by the United States
20 Department of Agriculture, Soil Conservation Service Technical
21 Release No. 55; as amended or replaced, shall apply to all plans
22 submitted under this Act. In addition, all of the requirements of
23 the Maryland Soil Conservation Service Engineering Standards for
24 storm water management system shall also apply to all plans
25 submitted under this Article, and any and all regulations of the
26 Maryland State Department of Natural Resources shall also apply to
27 all plans submitted under this Article.

28 (e) As a minimum requirement, the plans shall include:

29 (1) A vicinity sketch and boundary line delineation
30 of the site for which the plan covers and on which the work is to
31 be performed.

11 activity in square feet, which is the total site area less that
12 area to remain undisturbed and certified as having effective
13 erosion resistant ground cover.

14 (6) Detailed plans of all drainage provisions,
15 retaining walls, cribbing, vegetative practices, erosion and
16 sediment control measures, location of approved fences, steep
17 excavations or ponding areas, and other protective devices to be
18 constructed in connection with, or as a part of the proposed work,
19 together with a map showing the drainage area of land tributary
20 to the site, and estimated cubic foot per second runoff of the
21 area served by any drain.

22 (7) A timing schedule and sequence indicating the
23 anticipated starting and completion dates of the development
24 sequence, stripping, clearing, rough grading and construction,
25 final grading and vegetative establishment.

27 of work.

28 (9) A maintenance schedule in accordance with this
29 Article.

30 (10) Other plans, drawings or materials and
31 information as required by other Sections of this Article or rules
32 and regulations of the Department.

1 Section 10-28. Inspections.

2 (a) Unless otherwise specified, construction of all
3 storm water management structures shall be subject to the
4 inspection of the Department and the approval of both the District
5 and the Department.

6 (b) Inspection by the Department of Public Works will
7 include, but not be limited to:

17 to placing topsoil, ground covers, or other permanent site
18 development improvements identified on the approved plan.

19 (5) Upon completion of final grading, including
20 established ground covers and plantings, and installation of all
21 vegetative measures and all other work in accordance with the
22 approved plan.

23 (c) The owner, developer, agent or other person in
24 control shall notify the Department forty-eight (48) hours before
25 commencing any land disturbing activity. Upon receiving such
26 notice, the Department shall inspect the work and notify the
27 owner of its approval or in what respect there has been a failure
28 to comply with the requirements of this Article. Any portion of
29 the work which does not comply shall be promptly corrected by the
30 owner. The Department may make additional inspection as it deems
31 appropriate, and shall have the right to waive inspections,

32

1 except the final inspection. The inspected party shall be
2 furnished a copy of the inspection report.

3 (d) The Department shall maintain a permanent file of
4 its inspections.

5 (e) The County shall make all final inspections, or
6 cause such inspections to be made, on any construction covered by
7 this Act. Such inspection shall determine whether or not the
8 storm water facilities have been constructed in accordance with
9 approved plans and any rules and regulations adopted pursuant to
10 this Act.

11 Section 10-29. Maintenance Responsibilities.

12 (a) The owner of any property on which work has been
13 done pursuant to this Article, or any other person or agent in
14 control of such property, shall maintain in good condition and

17 control measures and other protective devices. Such repairs or
18 restorations, and maintenance shall be in accordance with the
19 approved plans.

20 (1) STORM WATER CONTROL SYSTEMS IN RESIDENTIAL
21 DEVELOPMENTS WILL BECOME THE PROPERTY OF HARFORD COUNTY UPON
22 ACCEPTANCE BY HARFORD COUNTY OF THE SYSTEM. HOWEVER, A COMMUNITY
